## Abstracts

According to Statistics MRC, the Global Case Packers market is accounted for \$1458.4 million in 2017 and is expected to reach \$2314.9 million by 2026 growing at a CAGR of 5.2% during the forecast period. Demand in the packaging industry and high growth of corrugated packaging, advent of dual function case packers are driving the market growth. However, huge costs requirements and non-compatibility with flexible packaging products are hampering the market growth.

On the basis of application, food & beverage industry has acquired largest market share and expected to be largest consumer of case packers market among other applications during the forecast period. On considering machine type, Robotic case packers are expected to remain highest market share due to increasing demand as they behave in similar way as the human arm.

By Geography, North America and Europe holds largest market share on huge demand of case packers in terms of capital. However, Asia-Pacific regions are expected to surpass others and remain fastest growing market on establishing industries such as pharmaceuticals, cosmetics and personal care and food & beverage. The growing manufacturing and industrial units in the countries such as China and India are also affecting Asia Pacific region.

Some of the key players in Case Packers market include Blueprint Automation (BPA), Schneider, JLS Automation, Robert Bosch, Massman LLC, Hartness International, Brenton, Marchesini Group, Langen Group, U-PACK, ADCO Manufacturing, K N Packaging Solutions, Hamrick, ECONOCORP, CPS, Molins PLC.
