Abstracts

According to Statistics MRC, the global Colposcopes Market is expected to grow at a CAGR of 5.8% during the forecast period. Factors such as presence of a large patient pool, technological advancements and increasing activities of healthcare organizations are driving the market growth. However, low penetration rate of Colposcopes and unmet needs associated with use of colposcopy are the challenges faced by the market. The optical Colposcope segment accounted for the largest market share in the colposcopes product market due to low cost. North America is the largest market followed by Europe in terms of revenue due to prevalence of various chronic gynaecologic conditions.

Some of the key players in global Colposcopes market are Leisegang Feinmechanik-Optik GmbH & Co KG, ATMOS MedizinTechnik, Carl Zeiss, CooperSurgical Inc, Edan Instruments, Gem Optical Instruments, Guangdong Biolight Meditech, Kernel Medical Equipment, MedGyn Products, Olympus, OPTOPOL Technology, Raine Industries, Shenzhen Certainn Technology, Sino-Hero(Shenzhen) Bio-Medical Electronics, Sunray Medical Apparatus and Wallach Surgical.
