## Abstracts

According to Statistics MRC, the Global Eye Cosmetic Packaging Market accounted for \$XX million in 2016 and is expected to reach \$XX million by 2022 growing at a CAGR of XX% from 2016 to 2022. Increasing importance towards looks and appearance, consumer's usage of makeup on a regular basis and growing count of working women are the key drivers impacting the market growth. Moreover, increase in the disposable income of the consumers in emerging nations is favouring the market growth. However, the existence of chemicals in eye cosmetics and their side effects may inhibit the eye cosmetic packaging market.

North America commanded the eye cosmetic packaging market owing to its huge consumer base for eye cosmetic. Asia Pacific is expected to witness rapid growth for the eye cosmetic packaging market during the forecast period due to the densely populated areas within the region and the rise of the disposable income especially in the emerging economies such as China and India. Europe is expected to exhibit sluggish growth over the forecast period.

Some of the key players in the market include Quadpack Group, Libo Cosmetics Co., Ltd, HCP Packaging, Epopack Co., Ltd, Cosmopak, Color Carton Corporation, ChingFon Industrial Co., LTD, Arcade Beauty, AptarGroup, Anomatic, Amcor Limited, Alpha Packaging, 3C Inc, and APC Packaging.
