Abstracts

According to Statistics MRC, the Global Heavy Duty Trucks Market is growing at a CAGR of 5.6% from 2017 to 2026. Factors such as rising demand for freight transportation, increasing international and domestic trading activities and growth in logistics and construction sector drive the market growth. However, strict regulations and standards pertaining to carbon emissions are restricting market growth.

Heavy duty trucks constitute an essential part of the trucking industry. Heavy duty trucks throughout the world are responsible for the majority of freight movement over land and are vital tools in the construction, manufacturing, transportation and warehousing industries. These trucks are chiefly important to the construction industry, as dump trucks and concrete mixers are necessary to move large amounts of rocks, dirt, concrete and other building materials used in construction.

Based on fuel, the diesel segment registered considerable share due to By Geography, China leads the global heavy duty truck sales, amongst the various other regions. The fast pace of industrialization in China is stimulating the production and sales of heavy duty truck market.

Some of the key players profiled in the Heavy Duty Trucks market include AB Volvo, Daimler AG, Ford Motor Company, Isuzu Motors, Volkswagen, Ashok Leyland, Dongfeng Motor Company and Navistar International Corporation.

What our report offers:

Market share assessments for the regional and country level segments

Market share analysis of the top industry players

Strategic recommendations for the new entrants

Market forecasts for a minimum of 9 years of all the mentioned segments, sub segments and the regional markets

Market Trends (Drivers, Constraints, Opportunities, Threats, Challenges, Investment Opportunities, and recommendations)

Strategic recommendations in key business segments based on the market estimations

Competitive landscaping mapping the key common trends

Company profiling with detailed strategies, financials, and recent developments

Supply chain trends mapping the latest technological advancements

Free Customization Offerings:

All the customers of this report will be entitled to receive one of the following free customization options:

Company Profiling

Comprehensive profiling of additional market players (up to 3)

SWOT Analysis of key players (up to 3)

Regional Segmentation

Market estimations, Forecasts and CAGR of any prominent country as per the clients interest (Note: Depends of feasibility check)

Competitive Benchmarking

Benchmarking of key players based on product portfolio, geographical presence, and strategic alliances
