Abstracts

According to Statistics MRC, the Global Pea Starch Market is accounted for \$133.40 million in 2020 and is expected to reach \$269.73 million by 2028 growing at a CAGR of 9.2% during the forecast period. Factors such as growing demand for gluten-free food products, increasing vegan population, and growing consumer awareness about nutritional benefits of pea are driving the growth of the market. However, availability of substitutes is hampering the growth of the market.

Pea starch is a non allergic starch derived from peas. It is a rich source of amylose and this unique feature gives it good thickening and gelling properties which are better than other commonly used starches.

Based on the function, the stabilizing & gelling segment is anticipated to expand at a rapid pace during the forecast period owing to the owing to the wide usage of the product in various food products as well as animal feed. By geography, Asia Pacific is going to have high growth during the forecast period which can be attributed to the growing demand for convenience foods in the region.

Some of the key players profiled in the Pea Starch Market include Ingredient Incorporated, Agrident B.V., Puris Foods, AGT Food And Ingredients, Nutri-Pea, Dakota Dry Bean, Roquette Freres, The Scoular Company, Emsland Group, Dutch Ingredient Company B.V., American Key Food Products, Parrheim Foods , Biostarch, Axiom Foods, Inc, Vestkorn Milling As, Cosucra Groupe Warcoing SA, Meelunie B.V.,

and Yantai Oriental Protein Tech Co., Ltd .

What our report offers:

Market share assessments for the regional and country-level segments

Strategic recommendations for the new entrants

Covers Market data for the years 2019, 2020, 2021, 2025, and 2028

Market Trends (Drivers, Constraints, Opportunities, Threats, Challenges, Investment Opportunities, and recommendations)

Strategic recommendations in key business segments based on the market estimations

Competitive landscaping mapping the key common trends

Company profiling with detailed strategies, financials, and recent developments

Supply chain trends mapping the latest technological advancements

Free Customization Offerings:

All the customers of this report will be entitled to receive one of the following free customization options:

Company Profiling

Comprehensive profiling of additional market players (up to 3)

SWOT Analysis of key players (up to 3)

Regional Segmentation

Market estimations, Forecasts and CAGR of any prominent country as per the client's interest (Note: Depends on feasibility check)

Competitive Benchmarking

Benchmarking of key players based on product portfolio, geographical presence, and strategic alliances
