Abstracts

According to Statistics MRC, the Global Pouch Packaging Market is accounted for \$15.91 billion in 2018 and is expected to reach \$27.10 billion by 2027 growing at a CAGR of 6.1% during the forecast period. Innovations in food & beverages packaging and usage of single-serve, as well as reusable packaging solutions, are some of the factors fuelling the market growth. However, due to the lack of high-speed filling equipment, which has a certain impact on mass production model is restricting market growth.

A pouch is a type of food packaging made from a laminate of flexible plastic and metal foils. It allows the sterile packaging of a wide variety of food and drink handled by aseptic processing, and is used as an alternative to traditional industrial canning methods. Pouch is just a normal physical thing which can carry anything. In other way Pouch can be defined as a small flexible bag. In general pouch is used for to carry for very small items. Pouches can be attached to belt or simple can be carried in pocket.

Based on end-user, the food segment is estimated to have a lucrative growth due to its demand and usage in the pouch packaging has turned out to be one of the most efficient and economical packaging solutions for brand owners operating in the packaged food industry. By Geography, Asia Pacific is likely to have a huge demand due to the increase in disposable income and the growth of the industries such as food and beverages, pharmaceuticals, pet food, and cosmetics.

Some of the key players profiled in the Pouch Packaging market include AEP Industries Inc., Alcoa Inc., Amcor Limited, Ampac Holdings LLC, Bemis Company Inc., Berry Plastics Corporation, Crown Holdings Incorporated, Mondi PLC, Reynolds Group Holdings, RPC Group PLC and Tetra Laval International S.A.

What our report offers:

Market share assessments for the regional and country-level segments

Strategic recommendations for the new entrants

Market forecasts for a minimum of 9 years of all the mentioned segments, sub-segments, and the regional markets

Market Trends (Drivers, Constraints, Opportunities, Threats, Challenges, Investment Opportunities, and recommendations)

Strategic analysis: Drivers and Constraints, Product/Technology Analysis, Porter's five forces analysis, SWOT analysis, etc.

Strategic recommendations in key business segments based on the market estimations

Competitive landscaping mapping the key common trends

Company profiling with detailed strategies, financials, and recent developments

Supply chain trends mapping the latest technological advancements

Free Customization Offerings:

All the customers of this report will be entitled to receive one of the following free customization options:

Company Profiling

Comprehensive profiling of additional market players (up to 3)

SWOT Analysis of key players (up to 3)

Regional Segmentation

Market estimations, Forecasts and CAGR of any prominent country as per the client's interest (Note: Depends on feasibility check)

Competitive Benchmarking

Benchmarking of key players based on product portfolio, geographical presence, and strategic alliances
