Abstracts

According to Statistics MRC, the Global Protein Supplements Market is accounted for \$4905.9 million in 2017 and is expected to reach \$9785.8 million by 2026 growing at a CAGR of 8.0% during the forecast period. Rising population of working women and growing number of fitness centers are some of the factors driving the market growth. However, availability of cheaper alternatives is hindering the market growth.

Based on application, Sports Nutrition segment has witnessed the significant growth during the forecast period due to rising demand for sport nutritional supplements and different health-oriented extra-curricular performance such as hitting the gym and participating in various sports.

By geography, Asia Pacific holds the highest market growth during the forecast period owing to growing middle class with improved stage of disposable incomes, increasing concerns about public healthcare systems, urbanization and westernization of diet are some of the factors fueling the market growth in this region.

Some of the key players profiled in the Protein Supplements Market include Abbot Laboratories, Transparent Labs, Glanbia Plc., Cyto Sport Inc, Quest Nutrition, NBTY, Inc., MusclePharm Corporation, GlaxoSmithKline Plc, Amway corporation and General Nutrition Centers.
