Abstracts

According to Statistics MRC, the Global Rail Freight Transport Market is accounted for \$294.08 billion in 2017 and is expected to reach \$414.96 billion by 2026 growing at a CAGR of 3.9% during the forecast period. Some of the key factors influencing the market growth include increasing demand for in rail freight route in emerging countries. However, high cost in setting up the medium is restraining market growth.

Amongst application, oil and gas segment is expected to grow during the forecast period. The large ability of rail freight wagons to carry goods in bulk make them preferable for the oil and gas sector. Moreover, growth in the consumption and production of primary and secondary energy in emerging countries will also drive the market for the oil and gas industry. By Geography, Asia Pacific is growing in significantly in regions such as India and China due to rising industrialization across the entire country has further increased freight traffic over the last decade.

Some of the key players profiled in the Rail Freight Transport Market include BNSF Railway, Canadian National Railway, Canadian Pacific Railway, CSX Transportation, DB Cargo, DHL, Geneese and Wyoming Inc., Indian Railways, Japan Freight Railway Company (JR Freight), Norfolk Southern Railway, Russian Railways (RZhD), SNCF, Swiss Federal Railway, Union Pacific Railroad and United Parcel Service (UPS) .

What our report offers:

Market share assessments for the regional and country level segments

Market share analysis of the top industry players

Strategic recommendations for the new entrants

Market forecasts for a minimum of 9 years of all the mentioned segments, sub-segments, and the regional markets

Market Trends (Drivers, Constraints, Opportunities, Threats, Challenges,

Investment Opportunities, and recommendations)

Strategic recommendations in key business segments based on the market estimations

Competitive landscaping mapping the key common trends

Company profiling with detailed strategies, financials, and recent developments

Supply chain trends mapping the latest technological advancements

Free Customization Offerings:

All the customers of this report will be entitled to receive one of the following free customization options:

Company Profiling

Comprehensive profiling of additional market players (up to 3)

SWOT Analysis of key players (up to 3)

Regional Segmentation

Market estimations, Forecasts and CAGR of any prominent country as per the client's interest (Note: Depends on feasibility check)

Competitive Benchmarking

Benchmarking of key players based on product portfolio, geographical presence, and strategic alliances
