Abstracts

In current technology-driven era, there is a necessity to pile up documents electronically. At present, there is no longer any need to save a huge number of documents in files and folders as scanners have revolutionized the way you can stock up and recover documents. The major drivers of this market are reduced paper storage, increased security and reduced time/costs. However, storage space and quality issues are some of the factors hampering the growth of the scanners market.

Europe is estimated to occupy largest share for scanners market, where as Asia Pacific represents the fastest growing region. key verticals such as finance (banking and insurance) and the public sector (military and e-government projects) drives the demand for document solutions. Flatbed scanners enjoy the monopoly in global scanners market. The market is anticipated to grow hastily on the account of thriving entertainment industry across the world, especially in Asian region.

The key players in the global Scanners market are Hewlett Packward, Canon Inc., BenQ Corporation, PSC Inc., Umax Technologies Inc., Contex Scanning Technology Inc., Visioneer Inc, Microscan Systems Inc., Creo Inc. and Widecom Group Inc
