According to Statistics MRC, Global Self-Consolidating Concrete (SCC) Market is expected to grow with a CAGR of 10.9% during the forecast period. Growing popularity of low-fines SSC- Smart Dynamic Concrete, improved air quality & a significant reduction in MRO costs and increased consumer emphasis on low-noise construction activities are the key factors propelling the market growth. On the other side, short usage of SCC in constructions and the huge price associated with using SCC are the major restraints hindering the market growth. Adding to this, non-requirement of vibration process in laying SCC and gradually recovering construction and housing sector globally in recent years are the major opportunities for the market growth.

Europe is the current leader in the world for SCC with largest market share. Asia Pacific dominates the market with its fast growing market worldwide. The construction sector is growing with lot of investments in the regions of China and India. Especially in India, it is expected to change drastically in the coming years, primarily because of the development and introduction of SCC by various companies.

Some of the key players in Global Self-Consolidating Concrete (SCC) Market include Unibeton Ready Mix, UltraTech Cement Limited, Tarmac (CRH), Sika Group, Lafarge, Kilsaran, Hope Construction Materials, Hong Leong Group, Heidelbergcement AG, Firth Concrete, CEMEX Group, Buzzi Unicem S.P.A., Breedon Group PLC, BASF SE, ACC Concrete Limited.
