Abstracts

In the fourth quarter in 2008, affected by the economical crisis, the environmental protection industry experienced slowing growth rate, but still maintained high rate of increase. From January to November, total industrial output of specialized equipment manufacturing industry such as national environmental protection industry and social public security industry, etc. reached 107.563 billion yuan, increasing by 27.38% year-on-year, industrial sales output reached 103.41 billion yuan, going up by 27.66% year-on-year, and growth rate reduced by 9.66 and 12.08 percentage points respectively compare to the same period of last year. Affected by the reduction of demand for waste material by industrial enterprises and sharp price drop of steel price, growth of waste resources and materials recycling industry apparently slowed down, from January to November, total industrial output value reached hundred million yuan, increasing by 44.61% year-on-year, with growth rate reducing by 14.14 percentage points compare to the same period of last year. Sale of loss is larger compare to the same period of last year.

From January to November in 2008, total profit value of sewage treatment and reclamation industry reached 70.091 million yuan, increasing by 245.553 million yuan year-on-year, changing the situation of expanding of continuous loss value since 2007. Sales of water resource specialized machinery manufacturing industry has rapid growth, from January to November in 2008, its accumulative sales income reached 7.111 billion yuan, increasing by 50.49% compare to the same period of 2007.

Opposite of other industrial product's sharp reduction in export affected by the financial crisis, our country's export value and quantity of environmental protection equipment in fourth quarter maintained high growth momentum, up till the end of December, national accumulative export value of environmental equipment reached 333.8433 million USD,

up 76.62% year-on-year, export quantity of 7007117, increasing by 68.2% year-on-year; accumulative import quantity of 7742987, going up by 9.99% year-on-year, import value of 716.4739 million USD, increasing by 15.49% year-on-year.

Contents

I GENERAL OPERATION STATUS OF THE INDUSTRY

1. Overall manufacturing status
2. Product sales condition
3. Overall operating condition of the enterprise
4. Growth status of cost expenses
5. Operation of investment assets
6. Investment and its growth status

II SUPPLY AND DEMAND ANALYSIS OF MAJOR PRODUCT MARKET WITHIN THE INDUSTRY

1. Output status of major products
2. Production and marketing situation of major products
3. Import & export situation of major products
 - (1) Export situation
 - (2) Import situation

III INDUSTRY CHRONOLOGY

1. Policy information
 - (1) Publication of report 2008 National Environment Quality Status
 - (2) Goal of reducing pollution discharge in 2009
 - (3) Publication of energy-saving vehicle allowance standard only suitable for vehicle in public service currently
2. Industry hotspot
 - (1) Launching of satellite "HJ-1"
 - (2) Among China's 4000 billion investment, ecological protection gets 350 billion
 - (3) Environment protection department opens up a green channel to promote domestic demand 2

APPENDIX

1. Illustration of industry
2. Illustration of indexes and formulas

CATALOG OF CHARTS

Chart 1 Output growth of environment protection industry in fourth quarter in 2008

Chart 2 Product sales income growth of environmental protection equipment manufacturing industry in fourth quarter in 2008

Chart 3 Product sales income growth of comprehensive resource utilization industry in fourth quarter in 2008

Chart 4 Income growth of environmental protection service industry in fourth quarter in 2008

Chart 5 Profit and loss of environmental protection equipment manufacturing industry in fourth quarter in 2008

Chart 6 Profit and loss of comprehensive resource utilization industry in fourth quarter in 2008

Chart 7 Profit and loss of environmental protection service industry in fourth quarter in 2008

Chart 8 Cost expenses of sub-sector of environmental protection industry in fourth quarter in 2008

Chart 9 Capital operation status of sub-sector of environmental protection industry in fourth quarter in 2008

Chart 10 Investment volume and growth status of environment management industry in fourth quarter in 2008

Chart 11 Output of specialized equipment for environmental protection in 2008

Chart 12 Output of instrument for environmental monitoring in 2008

Chart 13 Output of specialized equipment for water pollution control in 2008

Chart 14 Output of equipment for solid waste treatment in 2008

Chart 15 Output of equipment for noise and vibration control in 2008

Chart 16 Output of equipment for air pollution control in 2008

Chart 17 Output of environmental protection drug and material in 2008

Chart 18 Market demand status of manufacturing industry of environmental protection equipment in fourth quarter in 2008

Chart 19 Market demand status of comprehensive resource utilization industry in fourth quarter in 2008

Chart 20 Market demand status of environmental protection service industry in fourth quarter in 2008

Chart 21 Export value of environmental protection equipment in 2008

Chart 22 Export volume of environmental protection equipment in 2008

Chart 23 Export price of environmental protection equipment in 2008

Chart 24 Import value of environmental protection equipment in 2008

Chart 25 Import volume of environmental protection equipment in 2008

Chart 26 Import price of environmental protection equipment in 2008
