Abstracts

Vitamin product is a category of large scale in the pharmaceutical bulk drug, with the development of the industry; currently China has already acquired the advanced workmanship and manufacturing capability. In the product group of China's bulk drug, vitamin type is the one sure-to-be-talked-about. From 2007 to 2008, there are ups and downs in the variety of vitamin, which is difficult for people to see clearly the development trend. This report will analyze the import & export trade total value, varieties and countries of China's vitamin bulk drug, and puts forward the future development trend of import & export of China's vitamin bulk drug on this basis.
