Abstracts

This new report considers the growth of Data Centre space, power, pricing for Bulgaria.

The report shows the revenues for Cloud and Data Centre Market forecast over the period from the end of 2022 to the end of 2026 and provides profiles of the key Public Cloud and Data Centre providers for Bulgaria.

About Bulgaria

The Bulgaria Data Centre Landscape 2022 to 2026 report forecasts that the Bulgarian Data Centre market will have over 20,000 m2 of Data Centre Space at the end of 2022.

The report is based on an analysis of some twenty (20) Data Centre facilities with the two largest being Telepoint and SDC Data Centers.

Despite investment by Equinix, most of the facilities are provided by local providers. New facilities are being built out on an incremental basis by the Bulgarian Data Centre Providers.

Contents
