Date: April 2022

Pages: 0

Price: US\$ 610.00 (Single User License)

ID: D61D5081CACEEN

Abstracts

Following demand from the industry and the increasing number of announcements made, Datacentrepricing has decided to launch a new subscription covering Data Centre Development Announcements made every month.

This new subscription provides insight into each announced Data Centre Development plus an analysis of the City where the new development will be launched.

In 2021 alone, a total of over 1 million Data Centre space was announced in Europe from some eighty (80) providers.

Highlights from the four editions January, February, March and April 2022 include:

Some of the data that can be extracted easily include:

39 Facilities by 26 providers in 13 countries

30% of announced space will be launched in Tier II cities

Largest Development : Thor Digital Spain

Percentage of data space per year: 23% in 2022, 12% in 2023, 23% in 2024, 31% in 2025 and 11% in 2026 (percentages based on total DC space announced in 2022 to-date)

Growth trails faster in 2022 than in 2021, 41% of the total of space announcements made in 2021 reached in four months of 2022

Each Edition provides:

Details of each announcement made in the month

Profile of the Data Centre provider which made the announcement

Insight into the Metro city where the new development will be launched

Space becoming available in each city per year 2022, 2023, 2023, 2025, 2026 and so on.

A forecast for power in the Metro where the new development will be launched from the beginning of 2022 to the beginning of 2026

Contents

New Development(s) - Country

Details of new Developments: Provider, Location, Size, Power, Investment, Launch date, other DCs offered by provider in the same city

Data Centre Market overview of the city where new development is announced 2022 to 2026

Forecast & Future Growth for city where new Development is announced 2022 to 2026
