Abstracts

Malaysia is set to receive new investment from Bridge Data Centres, YTL, Yondr Group and GDS Holdings with inward investment. Malaysia is also benefiting from Singapore's restrictions on new Data Centre growth and is positioning itself as a lower cost hub alternative. Datacentrepricing forecasts that Malaysian Data Centre space is to grow by 58 per cent, power by 66 per cent and revenues by 76 per cent for the four-year period to the end of 2026.

There are twenty data Centre providers in Malaysia with just under 40 facilities.

Contents

Methodology

Executive Summary
