Abstracts

“There will never be a better time than now. Our lives center around data. Governments, corporations, and individuals are increasingly moving towards utilizing and storing digital data. So it is not a question of being too late or too early. Any time that we find the right talent is the right time to enter the sector” – Suchad Chiaranussati, founder and chairman of SC Capital (Singapore).

South Korea to date has had among the smallest Data Centre sector for a country of its size and development, but is set to grow by the largest percentage of any country in the region, with Data Centre space set to increase by 112 per cent, power by 109 per cent and revenues by 136 per cent over the four-year period to the end of 2026.
