Abstracts

According to “Africa Insulators Market By Rating, By Country, By Type, Competition Forecast & Opportunities, 2012 - 2022”, the electrical insulators market in Africa is projected to witness a CAGR of 4.4% by 2022. The surging demand for insulators is anticipated on account of large-scale rural electrification programs, development of inter-country power transmission corridors coupled with rising investments in oil & gas and mineral industries across various African nations. Dalian Composite Insulator Co. Ltd. (DCI), Aditya Birla Nuvo Limited, ABB, Siemens, NGK Insulators Ltd., Seves Group, Hubbell Incorporated, El Sewedy Electric, Sichuan Yibin Global Group Co., Ltd., and Huaxin Porcelain Insulator & Electric Apparatus Co., Ltd. are some of the leading players in the market. “Africa Insulators Market By Rating, By Country, By Type, Competition Forecast & Opportunities, 2012 - 2022” discusses the following aspects of insulators market in Africa:

Africa Insulators Market Size, Share & Forecast

Segmental Analysis – By Rating (High Voltage Insulators, Medium Voltage Insulators and Low Voltage Insulators), By Country, By Type (Polymer, Porcelain and Glass)

Pricing & Competitive Analysis

Changing Market Trends & Emerging Opportunities

Why You Should Buy This Report?

To gain an in-depth understanding of insulators market in Africa

To identify the on-going trends and anticipated growth in the next five years

To help industry consultants, insulators manufacturers, distributors and other stakeholders align their market-centric strategies

To obtain research based business decisions and add weight to presentations and marketing material

To gain competitive knowledge of leading market players

To avail 10% customization in the report without any extra charges and get the research data or trends added in the report as per the buyer's specific needs

Report Methodology

The information contained in this report is based upon both primary and secondary research. Primary research included interaction with insulators manufacturers, distributors and industry experts. Secondary research included an exhaustive search of relevant publications like company annual reports, financial reports and proprietary databases.
