## **Abstracts**

According to “Europe & CIS Tire Market By Vehicle Type, By Demand Category, By Radial Vs. Bias, By Country, Competition Forecast & Opportunities, 2013 – 2023” tire market is projected to reach \$ 51.79 billion by 2023, on the back of increasing tire production capacity, growing vehicle sales and expanding automobile fleet in the region. Moreover, increasing per capita income and anticipated launch of new vehicles are few of the other factors that are expected to aid tire market in Europe & CIS in the coming years. Growing dealer and distribution channel of several automakers and increasing urbanization is also anticipated to boost demand for vehicles, which would in turn positively influence the region’s tire market during forecast period. “Europe & CIS Tire Market By Vehicle Type, By Demand Category, By Radial Vs. Bias, By Country, Competition Forecast & Opportunities, 2013 – 2023” discusses the following aspects of tire market in Europe & CIS:

Tire Market Size, Share & Forecast

Segmental Analysis – By Vehicle Type (Passenger Car, Two-Wheeler, Light Commercial Vehicle, Medium & Heavy Commercial Vehicle & Others), By Demand Category, By Radial Vs. Bias, By Country

Competitive Analysis

Changing Market Trends & Emerging Opportunities

## Why You Should Buy This Report?

To gain an in-depth understanding of tire in Europe & CIS

To identify the on-going trends and anticipated growth in the next five years

To help industry consultants, tire distributor, distributors and other stakeholders align their market-centric strategies

To obtain research-based business decisions and add weight to presentations and marketing material

To gain competitive knowledge of leading market players

To avail 10% customization in the report without any extra charges and get the research data or trends added in the report as per the buyer's specific needs

## Report Methodology

The information contained in this report is based upon both primary and secondary research. Primary research included interaction with tire distributor, distributors and industry experts. Secondary research included an exhaustive search of relevant publications like company annual reports, financial reports and proprietary databases.
