Abstracts

Europe dental disposables market valued at USD1148.50 million in 2021 and is anticipated to grow at a CAGR of 5.82% during the forecast period, 2023-2027, to achieve market value of USD1601.23 million by 2027. Rising instances of dental disorders and diseases are actively driving the growth of the Europe dental disposables

market in the upcoming five years. Increasing treatments through surgeries and other therapeutic treatments is further supporting the growth of the Europe dental disposables market in the next five years. In the recent years, cosmetic dental surgeries are increasing mostly among the young adults and thus elevating the demand for the dental disposables and aiding the market growth. Healthcare industry in the countries like Switzerland, Germany, France, etc. is expanding rapidly. Growing investments in the healthcare sector has also aided to the growth of the Europe dental disposables market in the future five years. Number of market players is high, and it is increasing rapidly. The competition in the market is high too and it is anticipated to further increase. Entering the market could be difficult for the new entrants and thus requires advancement of the product line, investment in research to advance the product line. Moreover, rising concerns for the oral health & hygiene among the population and promotions from the dental healthcare services is further expected to aid to the growth of the Europe dental disposables market in the forecast years through, 2027.

The Europe dental disposables market is segmented by type, application, end user, country analysis, and competition landscape. Based on type, the market is further segmented into disposable dental examination kit, disposable saliva evacuation products, sponges and gauze products, disposable air/water syringe tips, disposable impression trays, disposable micro-applicators, dental mouth opener, silicone structures, restorative/protective materials, medications, sedative products, paper clips, band adaptors, blocking structures, consumables like tray, paper toothbrushes, mouthwash, hand sanitizers, washing soap, x-ray films, and others such as dental bibs, etc. By application, the market is fragmented into cosmetic dentistry, teeth straightening, dental implants, and others like composite filling, gum reshaping, etc. Based on end user, the market is divided into hospitals & clinics, dental laboratories, and others like academic & research institutions, etc. The market is also analyzed by country that includes, Germany, Italy, France, United Kingdom, Spain and the rest of Europe.

Cosmetic dentistry is anticipated to lead the application segment and hold the largest revenue shares of the market in the upcoming five years on account of rising dental tourism. Rising number of patients visiting the country for cosmetic dental surgeries in the countries like Germany, Switzerland, France, etc, to contribute to the growth of the Europe dental disposables market in the future five years. The major players operating in the Europe dental disposables market include Dispotech Srl, Akzenta International SA, Keystone Industries GmbH, Kerr Dental (Envista), Detax GmbH & Co. KG, Hager & Werken GmbH & Co. KG, 3M Company, VOCO GmbH, tgDent (Technical & General Limited), President Dental GmbH, among others.

Years considered for this report:

Historical Years: 2017-2020

Base Year: 2021

Estimated Year: 2022E

Forecast Period: 2023F – 2027F

Objective of the Study:

To analyze the historical growth in the market size of Europe dental disposables market from 2017 to 2021.

To estimate and forecast the market size of Europe dental disposables market from 2022E to 2027F and growth rate until 2027.

To classify and forecast Europe dental disposables market based on type, application, end user, country analysis, and competition landscape.

To identify dominant country or segment in the Europe dental disposables market.

To identify drivers and challenges for Europe dental disposables market.

To examine competitive developments such as expansions, new product launches, mergers & acquisitions, etc., in Europe dental disposables market.

To identify and analyze the profile of leading players operating in Europe dental disposables market.

To identify key sustainable strategies adopted by market players in Europe dental disposables market.

TechSci Research performed both primary as well as exhaustive secondary research for this study. Initially, TechSci Research sourced a list of manufacturers across the

region. Subsequently, TechSci Research conducted primary research surveys with the identified companies. While interviewing, the respondents were also enquired about their competitors. Through this technique, TechSci Research could include the manufacturers which could not be identified due to the limitations of secondary research. TechSci Research analyzed the manufacturers, distribution channels and presence of all major players across the region.

TechSci Research calculated the market size of Europe dental disposables market using a bottom-up approach, wherein data for various end-user segments was recorded and forecast for the future years. TechSci Research sourced these values from the industry experts and company representatives and externally validated through analyzing historical data of these products and applications for getting an appropriate, overall market size. Various secondary sources such as company websites, news articles, press releases, company annual reports, investor presentations and financial reports were also studied by TechSci Research.

Key Target Audience:

Manufacturers, suppliers, distributors and other stakeholders

Government bodies such as regulating authorities and policy makers

Organizations, forums and alliances related to dental disposables

Market research and consulting firms

The study is useful in providing answers to several critical questions that are important for the industry stakeholders such as manufacturers, suppliers, partners, end users, etc., besides allowing them in strategizing investments and capitalizing on market opportunities.

Report Scope:

In this report, Europe Dental Disposables market has been segmented into following categories, in addition to the industry trends which have also been detailed below:

Europe Dental Disposables Market, By Type:

Disposable Dental Examination Kit

Disposable Saliva Evacuation Products

Sponges and Gauze Products

Disposable Air/Water Syringe Tips

Consumables (Tray, Paper Toothbrushes, Mouthwash, Hand Sanitizers, Washing Soap, X-ray Films)

Disposable Impression Trays

Disposable Micro-applicators

Dental Mouth Opener

Silicone Structures

Restorative/Protective Materials

Medications

Sedative Products

Paper Clips

Band Adaptors

Blocking Structures

Others

Europe Dental Disposables Market, By Application:

Cosmetic Dentistry

Teeth Straightening

Dental Implants

Others

Europe Dental Disposables Market, By End User:

Hospitals & Clinics

Dental Laboratories

Others

Europe Dental Disposables Market, By Country:

Germany

Italy

France

United Kingdom

Spain

Competitive Landscape
