## **Abstracts**

With technological advancements, product innovations and busy lifestyle of consumers, the popularity of food processors in Europe is continuously increasing. Moreover, manufacturers are rapidly innovating their products with an aim of providing multi-functional features in a single appliance.

According to “Europe Food Processor Market By End Use Sector, By Working Capacity, By Power, By Country, Competition Forecast & Opportunities, 2012 – 2022”, Europe food processor market stood is projected to grow at a CAGR of 7.4%, in value terms, during 2016-2022. Substantial increase in disposable income of consumers coupled with rise in number of household units is contributing to the rapid growth in the sales of household appliances, including food processors, in Europe. Some of the major players operating in the Europe food processor market are Vorwerk & Co. KG, Groupe SEB, BSH Hausger?te GmbH, De’Longhi SpA, Panasonic Europe Ltd., Koninklijke Philips N.V., KitchenAid Europa Inc., Magimix SAS, Taurus Group, Vitaeco s.r.l., Jupiter K?chenmaschinen GmbH, Severin Elektroger?te GmbH, Clatronic International GmbH, DS Produkte GmbH and Andrew James UK LTD. “Europe Food Processor Market By End Use Sector, By Working Capacity, By Power, By Country, Competition Forecast & Opportunities, 2012 – 2022” discusses the following aspects of food processor market in Europe:

Food Processor Market Size, Share & Forecast

Segmental Analysis – By End Use Sector (Residential and Commercial),  
By Working Capacity (Below 1.4L, 1.4L-2.5L and More than 2.5L), By Power  
(Less than 400W, 400-499W, 500-599W and 600W & Above), By Country

Pricing & Competitive Analysis

Changing Market Trends & Emerging Opportunities

### Why You Should Buy This Report?

To gain an in-depth understanding of food processor market in Europe

To identify the on-going trends and anticipated growth in the next five years

To help industry consultants, food processor manufacturers, distributors and other stakeholders align their market-centric strategies

To obtain research based business decisions and add weight to presentations and marketing material

To gain competitive knowledge of leading market players

To avail 10% customization in the report without any extra charges and get the research data or trends added in the report as per the buyer's specific needs

### Report Methodology

The information contained in this report is based upon both primary and secondary research. Primary research included interaction with food processor manufacturers, distributors and industry experts. Secondary research included an exhaustive search of relevant publications like company annual reports, financial reports and proprietary databases.
