Abstracts

According to “Europe Marine Engines Market By Type, By Application, By Engine Power Rating, By Country, Competition Forecast & Opportunities, 2013 - 2023” marine engines market is forecast to grow at a CAGR of more than 7% by 2023. Growth in the market is led by rising demand for marine engines in both commercial and industrial sectors coupled with rising investments in optimized vessel efficiency. Moreover, introduction of new technologies in marine engines along with rising preference for LNG fuelled engines is further likely to fuel growth in Europe marine engines market in the coming years. “Europe Marine Engines Market By Type, By Application, By Engine Power Rating, By Country, Competition Forecast & Opportunities, 2013 - 2023” discusses the following aspects of marine engines market in Europe:

Marine Engines Market Size, Share & Forecast

Segmental Analysis – By Type (Main Propulsion, & Auxiliary Engine), By Application (Commercial, Defense, etc), By Engine Power Rating (750KW, 751-4000KW, 4001-8000KW, & 8000 KW), By Country

Competitive Analysis

Changing Market Trends & Emerging Opportunities

Why You Should Buy This Report?

To gain an in-depth understanding of marine engines in Europe

To identify the on-going trends and anticipated growth in the next five years

To help industry consultants, marine engines distributor, distributors and other stakeholders align their market-centric strategies

To obtain research-based business decisions and add weight to presentations and marketing material

To gain competitive knowledge of leading market players

To avail 10% customization in the report without any extra charges and get the research data or trends added in the report as per the buyer's specific needs

Report Methodology

The information contained in this report is based upon both primary and secondary research. Primary research included interaction with marine engines distributor, distributors and industry experts. Secondary research included an exhaustive search of relevant publications like company annual reports, financial reports and proprietary databases.
