Abstracts

Global Dispatch Console Market Overview

Global dispatch console market is forecast to reach \$ 2.6 billion by 2024, on account of high demand for reliable process of communication or information dissemination among businesses. Moreover, areas with extreme weather require a speedy public safety agency in order to rescue the inhabitants, thereby boosting demand for dispatch consoles. Additionally, dispatch console when attached with public safety communication systems include cloud computing, open standard network architectures and multichannel interaction.

Global Dispatch Console Market Segments

Based on the application, global dispatch console market has been segmented into military & defense, utilities, manufacturing, public safety, transportation and others. The transportation segment can be segmented into air, water, rail and land transportation. Public agencies which use dispatch console include emergency medical services, police, fire & safety, etc. The open standards for public safety application include Terrestrial Trunked Radio (TETRA), Digital Mobile Radio (DMR), etc. Public Safety and Transportation are the major segments in the global dispatch console market and are likely to register impressive growth through 2024. Based on the type, the market for

dispatch console has been segmented into IP-based dispatch console, TDM-based dispatch console and others. The demand for IP-based dispatch console is increasing, as end-users are updating their conventional systems and transitioning from TDM-based dispatch consoles to IP-based consoles.

Global Dispatch Console Market Regional Insights

Regionally, the market for dispatch console is gaining traction and expanding to various regions including North America, Europe, Asia-Pacific, South America and Middle East & Africa. Asia-Pacific dispatch console market is expected to grow at the fastest rate during the forecast period due to high demand for efficient and timely communication in terms of emergency. Middle East & Africa is anticipated to register the second fastest growing CAGR in global dispatch console market through 2024, primarily on account of increasing cases of socio-political unrest in the region, driving the deployment of effective communication for the safety of life and property. North America and Europe dispatch console markets are stagnant and forecast to grow at a sluggish rate.

Global Dispatch Console Market Competitive Landscape

Major players operating in global dispatch console market are Motorola Solutions Inc., Harris Corporation, Bosch Security Systems, Zetron, Inc. (Kenwood), Avtec Inc, etc. Major companies are developing advanced technologies and launching new products in order to stay competitive in the market. Other competitive strategies include mergers & acquisitions and new product developments.

Years considered for this report:

Historical Years: 2014-2017

Base Year: 2018

Estimated Year: 2019

Forecast Period: 2020-2024

Objective of the Study:

To analyze and forecast global dispatch console market size.

To classify and forecast global dispatch console market based on type, application and regional distribution.

To identify drivers and challenges for global dispatch console market.

To examine competitive developments such as expansions, new product launches, mergers & acquisitions, etc., in global dispatch console market.

To identify and analyze the profile of leading players operating in global dispatch console market.

Some of the leading players in global dispatch console market are Motorola Solutions Inc., Harris Corporation, Bosch Security Systems, Zetron, Inc. (Kenwood), Avtec Inc, etc.

TechSci Research performed both primary as well as exhaustive secondary research for this study. Initially, TechSci Research sourced a list of manufacturers across the globe. Subsequently, TechSci Research conducted primary research surveys with the identified companies. While interviewing, the respondents were also enquired about their competitors. Through this technique, TechSci Research could include the manufacturers which could not be identified due to the limitations of secondary research. TechSci Research analyzed the service offerings, distribution channels and presence of all major manufacturers across the globe.

TechSci Research calculated global dispatch console market size using a bottom-up approach, where data for various end-user segments was recorded and forecast for the future years. TechSci Research sourced these values from the industry experts and company representatives and externally validated through analyzing historical data of these product types and applications for getting an appropriate, overall market size. Various secondary sources such as company websites, news articles, press releases, company annual reports, investor presentations and financial reports were also studied by TechSci Research.

Key Target Audience:

Dispatch console manufacturers and other stakeholders

Government bodies such as regulating authorities and policy makers

Organizations, forums and alliances related to dispatch console market

Market research and consulting firms

The study is useful in providing answers to several critical questions that are important for the industry stakeholders such as manufacturers, partners and end users. The study would also help them to target the growing segments over the coming years, thereby aiding the stakeholders in taking investment decisions and facilitating their expansion.

Report Scope:

In this report, global dispatch console market has been segmented into following categories, in addition to the industry trends which have also been detailed below:

Market, by Application:

Public Safety

Transportation

Road

Air

Rail

Water

Military & Defense

Manufacturing

Utilities

Others

Market, by Type:

TDM-based Dispatch Console

IP-based Dispatch Console

Market, by Region:

North America

United States

Mexico

Canada

Europe

Germany

United Kingdom

France

Italy

Spain

Asia-Pacific

China

Japan

India

Australia

South Korea

South America

Brazil

Argentina

Colombia

Middle East & Africa

Saudi Arabia

Turkey

South Africa

UAE

Competitive Landscape

Company Profiles: Detailed analysis of the major companies present in global dispatch console market.

Available Customizations:

With the given market data, TechSci Research offers customizations according to a company's specific needs. The following customization options are available for the report:

Company Information

Detailed analysis and profiling of additional market players (up to five).
