## **Abstracts**

The global home shoe dryer market was valued at USD23.61 million in 2021 and is expected to grow at a CAGR of 4.28% in the forecast period, 2023-2027, to reach USD29.97 million by 2027. The market growth is attributed to the factors such as the growing popularity of the online retail channels and the increased health consciousness among consumers. Also, the rise in the disposable income of middle-class families and the development of an efficient supply chain network by the market players are expected to act as a positive factor for the global home shoe dryer market in the forecast period.

Due to high-speed internet penetration and the proliferation of smart devices, the e-commerce industry is gaining popularity across the globe. The hectic schedule of consumers and availability of products at lower prices than the market price makes the consumers shop through online channels. Consumers can easily compare the products based on their specifications, price, and brand and then make the purchasing decisions. With the adoption of online selling platforms, the home shoe dryer market players were able to expand their global presence and reach remote locations easily. They are adopting attractive marketing strategies to attract customers and inform them about the benefits of using home shoe dryers. Growing online platforms are expected to fuel the growth of the global home shoe dryer market in the forecast period.

The global home shoe dryer market is segmented based on type, power, pricing, distribution channel, regional distribution, and competitive landscape. Based on type, the market is divided into stationary shoe dryers, portable shoe & boot dryers. Stationary shoe dryer dominated the market in 2021 by covering 59.65% of the total market share and is expected to maintain its dominance over the next five years. A stationary shoe dryer consists of a container that collects excess moisture and is actively used to dry the gloves, boots, hats, or shoes.

Drysure Outdoor Limited, PEET Shoe Dryer, Inc., Meson Global Company Limited, Implus Footcare LLC, Taizhou Renjie Electric Co., Ltd., ManaKey Group LLC, Dongguan Excel Industrial Co., Ltd., are the major market players in the global home shoe dryer market.
