Abstracts

According to “Global Oilfield Services Market By Application, By Service Type, By Region, Competition, Forecast & Opportunities, 2014 – 2024” oilfield services market is forecast to grow to \$ 198 billion by 2024, on account of rising oil & gas demand, increasing investments in offshore exploration and production activities and growing consolidation in the oil & gas industry. North America and Asia-Pacific are the major demand generating regions for oilfield services, globally. Drilling services segment holds the largest market share, owing to increasing lateral drilling in the above mentioned regions. United States is witnessing high demand for oilfield services including horizontal and directional drilling activities, backed by presence of shale gas reserves. Over the coming years, several countries such as Argentina, China, India and Mexico are planning to make investments in their oil & gas sector, which is expected to boost the global oilfield services market during the forecast period. Some of the major players operating in global oilfield services market are Schlumberger Limited, The Halliburton Company, Baker Hughes, a GE Company, Weatherford International Plc, National Oilwell Varco, Inc., Nabors Industries Ltd., Superior Energy Services, Inc., Ensco plc, Precision Drilling Corporation, Technip FMC PLC, etc. “Global Oilfield Services Market By Application, By Service Type, By Region, Competition, Forecast & Opportunities, 2014 – 2024” discusses the following aspects of Oilfield Services market globally:

Oilfield Services Market Size, Share & Forecast

Segmental Analysis – By Application (Onshore Vs. Offshore), By Service Type

(Drilling Services, Completion Services & Production Services), By
Region

Competitive Analysis

Changing Market Trends & Emerging Opportunities

WHY YOU SHOULD BUY THIS REPORT?

To gain an in-depth understanding of Oilfield Services globally

To identify the on-going trends and anticipated growth in the next five years

To help industry consultants, Oilfield Services distributors and other stakeholders align their market-centric strategies

To obtain research-based business decisions and add weight to presentations and marketing material

To gain competitive knowledge of leading market players

To avail 10% customization in the report without any extra charges and get the research data or trends added in the report as per the buyer's specific needs

REPORT METHODOLOGY

The information contained in this report is based upon both primary and secondary research. Primary research included interaction with Oilfield Services distributors and industry experts. Secondary research included an exhaustive search of relevant publications like company annual reports, financial reports and proprietary databases.
