Abstracts

According to “Global Residential Water Purifiers Market By Technology, By Region, By Sales Channel, Competition Forecast & Opportunities, 2023” residential water purifiers market is projected to grow at a CAGR of around 16% by 2023. Anticipated growth in the market is majorly led by rising population, rapid urbanization and deteriorating water quality across the globe. Moreover, rising cases of water borne diseases is making people cautious about the health risk associated with drinking impure water, which is further expected to steer growth in global residential water purifiers market. Additionally, growing penetration of low-budget residential water purifier in the developing countries along with emergence of advanced and innovative water purifiers is further expected to propel demand for residential water purifiers, globally, over the course of next five years. Some of the major players operating in the global residential water purifiers market are Midea Group Co. Ltd., Coway Co. Ltd., BWT Aktiengesellschaft (BWT AG), Culligan International Company, The Clorox Company, Forbes & Company Ltd., Hindustan Unilever Limited, Kent RO Systems Ltd., A. O. Smith Corporation, and Panasonic Corporation. “Global Residential Water Purifiers Market By Technology, By Region, By Sales Channel, Competition Forecast & Opportunities, 2023” discusses the following aspects of residential water purifiers market globally:

Residential Water Purifiers Market Size, Share & Forecast

Segmental Analysis – By Technology (RO, Media, Ultraviolet, Ultrafiltration & Others), By Region (APAC, North America, Europe, MEA & South America), By...

Sales Channel (Indirect & Direct)

Competitive Analysis

Changing Market Trends & Emerging Opportunities

Why You Should Buy This Report?

To gain an in-depth understanding of residential water purifiers in globally

To identify the on-going trends and anticipated growth in the next five years

To help industry consultants, residential water purifiers distributors and other stakeholders align their market-centric strategies

To obtain research-based business decisions and add weight to presentations and marketing material

To gain competitive knowledge of leading market players

To avail 10% customization in the report without any extra charges and get the research data or trends added in the report as per the buyer's specific needs

Report Methodology

The information contained in this report is based upon both primary and secondary research. Primary research included interaction with residential water purifiers distributors and industry experts. Secondary research included an exhaustive search of relevant publications like company annual reports, financial reports and proprietary databases.
