Abstracts

According to “Global Rock Breaker Market By Product Type, By Application, By Operating Weight, By Region, Competition Forecast & Opportunities, 2013 – 2023” rock breaker market is projected to grow at a CAGR of more than 11% during 2018-2023, on the back of growing construction and mining sectors, globally. Some of the other factors that would aid the market growth include improvements in road infrastructure, technological advancements, increasing number of public private partnerships, and growing online rock breaker sales. Moreover, expanding distributor & dealership network, intensifying demand for customized equipment, and increasing sales of excavators and backhoe loaders would positively influence the rock breaker market, globally, during the forecast period. Some of the major players operating in global rock breaker market are Sandvik AB, Atlas Copco AB, Montabert S.A., Yantai Eddie Precision Machinery Co., Ltd., Breaker Technology Inc., Rock-Tech, Furukawa Rock Drill Co., Ltd., Doosan Infracore Co., Ltd, Tramac Corporation, Delta Engineering Pty Ltd, etc. “Global Rock Breaker Market By Product Type, By Application, By Operating Weight, By Region, Competition Forecast & Opportunities, 2013 – 2023” discusses the following aspects of rock breaker market globally:

Rock Breaker Market Size, Share & Forecast

Segmental Analysis – By Product Type (Small, Medium & Heavy), By Application (Construction Vs. Mining), By Operating Weight (Upto 500 Kg, 501-1200 Kg & Above 1200 Kg), By Region

Competitive Analysis

Changing Market Trends & Emerging Opportunities

Why You Should Buy This Report?

To gain an in-depth understanding of rock breaker market globally

To identify the on-going trends and anticipated growth in the next five years

To help industry consultants, rock breaker distributors and other stakeholders align their market-centric strategies

To obtain research-based business decisions and add weight to presentations and marketing material

To gain competitive knowledge of leading market players

To avail 10% customization in the report without any extra charges and get the research data or trends added in the report as per the buyer's specific needs

Report Methodology

The information contained in this report is based upon both primary and secondary research. Primary research included interaction with rock breaker distributors and industry experts. Secondary research included an exhaustive search of relevant publications like company annual reports, financial reports and proprietary databases.
