Abstracts

The global Software as a Service (SaaS) Market stood at USD149.07 billion in 2021 and is expected to grow at a CAGR of 19.31% in the forecast period, to reach USD441.26 billion by 2027. Increasing investments for the development of IT infrastructure by leading authorities and market players, growing internet penetration and rise in the demand for data backup and security to protect critical information are the primary factors driving the growth of global Software as a Service (SaaS) market in the forecast period.

Rapid digitalization of organizations is generating large volume of data. The cost-saving benefits of convenience of using the digital technology is proliferating the demand for various type of software for different purposes. Software as a Service saves the software applications and critical information on cloud platform which eliminates the need to invest in purchasing and maintaining local infrastructure. They remove the need

to manually back-up the data by allowing timely backups which ensures the data integrity and security in an organization. However, high implementation costs and difficulty in integrating hybrid infrastructure may hinder the growth of global Software as a Service (SaaS) market in the forecast period.

The global Software as a Service (SaaS) market is segmented on the basis of deployment type, organization size, application, end user, and regional distribution. Based on the deployment type, the market is divided into public cloud, hybrid cloud and private cloud. The public cloud segment is expected to hold the largest market share in the forecast period, 2023-2027. Public cloud offers several advantages such as high flexibility, scalability, no maintenance costs and have lower complexity than the other cloud models. The growing advancements in technology and the rise in the number of vendors offering are supporting the adoption of public cloud by organizations.

The top players operating in global Software as a Service (SaaS) market are Salesforce.com, Inc., SAP SE, Amazon Web Services Inc., Alphabet Inc., Workday Inc., IBM Corporation, Microsoft Corporation, Oracle Corporation, VMware Inc., Hewlett Packard Enterprise Development LP, Adobe Inc., and Cisco Systems Inc.

Years considered for this report:

Historical Years: 2017-2020

Base Year: 2021

Estimated Year: 2022E

Forecast Period: 2023F–2027F

Objective of the Study:

To analyze the market size of global software as a service (SaaS) market from 2017 to 2021.

To estimate and forecast the market size of global software as a service (SaaS) market from 2022E to 2027F and growth rate until 2027F.

To classify and forecast global software as a service (SaaS) market based on

deployment type, organization size, end user, application, regional distribution and competitional landscape.

To identify dominant region or segment in the global software as a service (SaaS) market.

To identify drivers and challenges for global software as a service (SaaS) market.

To examine competitive developments such as expansions, new product launches and services, mergers & acquisitions, etc., in global software as a service (SaaS) market.

To identify and analyze the profile of leading players operating in global software as a service (SaaS) market.

To identify key sustainable strategies adopted by market players in global software as a service (SaaS) market.

TechSci Research performed both primary as well as exhaustive secondary research for this study. Initially, TechSci Research sourced a list of service providers across the globe. Subsequently, TechSci Research conducted primary research surveys with the identified companies. While interviewing, the respondents were also enquired about their competitors. Through this technique, TechSci Research could include the service providers which could not be identified due to the limitations of secondary research. TechSci Research analyzed the service providers, and presence of all major players across the globe.

TechSci Research calculated the market size of global software as a service (SaaS) market using a bottom-up approach, wherein data for various end-user segments was recorded and forecast for the future years. TechSci Research sourced these values from the industry experts and company representatives and externally validated through analyzing historical data of these product types for getting an appropriate, overall market size. Various secondary sources such as company websites, news articles, press releases, company annual reports, investor presentations and financial reports were also studied by TechSci Research.

Key Target Audience:

Vendor, service providers and other stakeholders

Government bodies such as regulating authorities and policy makers

Organizations, forums and alliances related to software as a service

Market research and consulting firms

The study is useful in providing answers to several critical questions that are important for the industry stakeholders such as service provider, partners, end users, etc., besides allowing them in strategizing investments and capitalizing on market opportunities.

Report Scope:

In this report, the global Software as a Service (SaaS) market has been segmented into following categories, in addition to the industry trends which have also been detailed below:

Software as a Service (SaaS) Market, By Deployment Type:

Public Cloud

Private Cloud

Hybrid Cloud

Software as a Service (SaaS) Market, By Organization Size:

Large Enterprises

SMEs

Software as a Service (SaaS) Market, By Application:

Customer Relationship Management

Content Communication & Collaboration

Business Intelligence/Analytics

Enterprise Resource Planning

Human Resource Management

Supply Chain Management

Others

Software as a Service (SaaS) Market, By End User:

IT & Telecom

BFSI

Healthcare

Education

Retail

Manufacturing

Government

Oil & Gas

Software as a Service (SaaS) Market, By Region:

North America

United States

Canada

Mexico

Europe

United Kingdom

Germany

France

Italy

Spain

Asia-Pacific

China

Japan

India

South Korea

Singapore

South America

Brazil

Colombia

Argentina

Middle East & Africa

UAE

Saudi Arabia

South Africa

Competitive Landscape

Company Profiles: Detailed analysis of the major companies present in the Global Software as a Service (SaaS) market.

Available Customizations:

With the given market data, TechSci Research offers customizations according to a company's specific needs. The following customization options are available for the report:

Company Information

Detailed analysis and profiling of additional market players (up to five).

Contents

1. SOFTWARE AS A SERVICE (SAAS): SERVICE OVERVIEW

2. RESEARCH METHODOLOGY

3. IMPACT OF COVID-19 ON GLOBAL SOFTWARE AS A SERVICE (SAAS) MARKET

4. EXECUTIVE SUMMARY

5. VOICE OF CUSTOMER

5.1. Brand Awareness

5.2. Key Factors Influencing New SaaS Investments

5.3. Type of Subscription Agreement Terms Opted for SaaS Deployment

5.4. Customer Satisfaction

6. GLOBAL SOFTWARE AS A SERVICE (SAAS) MARKET OUTLOOK

6.1. Market Size & Forecast

6.1.1. By Value

6.2. Market Share & Forecast

6.2.1. By Deployment Type (Public Cloud, Hybrid Cloud, Private Cloud)

6.2.2. By Organization Size (Large Enterprises, SMEs)

6.2.3. By Application (Customer Relationship Management, Content Communication & Collaboration, Business Intelligence/Analytics, Enterprise Resource Planning, Human Resource Management, Supply Chain Management, Others)

6.2.4. By End-User (IT & Telecom, BFSI, Healthcare, Education, Retail, Manufacturing, Government, Oil & Gas)

6.2.5. By Region

6.2.6. By Company (2021)
