Abstracts

Acrylonitrile-butadiene-styrene (ABS) is a copolymer plastic containing styrene, butadiene and acrylonitrile. ABS demand in India stood at 238 KTPA in 2018 and is projected to grow at a CAGR of 9.21% during 2019-2030 to reach 677 KTPA by 2030. Increasing use of ABS in electrical & electronics sector due to its excellent insulation properties is expected to propel the demand for ABS in the country. Moreover, heavy use of ABS in plastic parts for automobile production, owing to properties such as lightweight, which also gives fuel efficiency, resistance to heat and water and toughness would further propel its demand in India. Additionally, extensive use of ABS in the production of inhalers and other medical equipment is likely to positively push India ABS market during the forecast period.

Years Considered for this Report:

Historical Years: 2013 – 2017

Base Year: 2018

Estimated Year: 2019

Forecast Period: 2020 – 2030

Objective of the Study:

The primary objective of the study was to evaluate and forecast ABS capacity, production, demand, inventory, and demand – supply gap in India.

To categorize ABS demand based on end use, region and sales channel.

To study trade dynamics and company share in India ABS market.

To identify major customers in India ABS market.

To evaluate and forecast ABS pricing by type in India ABS market.

To identify and profile major companies operating in India ABS market.

To identify trending news, deals and expansion plans in India ABS market.

Some of the major players operating in India ABS market are Stahl India Private Limited, Sicagen India Limited, Lanxess India Private Limited, Haryana ABS Limited, TFL Quinn India Private Limited, BASF India Limited and Balmer Lawrie & Co. Limited, etc.

To extract data for India ABS market, primary research surveys were conducted with ABS manufacturers, suppliers, distributors, wholesalers and end users. While interviewing, the respondents were also inquired about their competitors. Through this technique, TechSci Research was able to include manufacturers that could not be identified due to the limitations of secondary research. Moreover, TechSci Research analyzed various end user segments and projected a positive outlook for India ABS market over the coming years.

TechSci Research calculated ABS demand in India by analyzing the historical data and demand forecast was carried out considering the end use industries growth. TechSci Research sourced these values from industry experts and company representatives and externally validated through analyzing historical sales data of respective manufacturers to arrive at the overall market size. Various secondary sources such as company websites, association reports, annual reports, etc., were also studied by TechSci Research.

Key Target Audience:
