Abstracts

India meat substitutes market is estimated to reach over USD45 million in value terms by the end of FY2026 and is forecast to grow at CAGR of 7.48% during FY2021E-FY2026F. The India meat substitutes market is driven by rising health concerns coupled with growing awareness about various diseases caused due to lack of proteins among consumers. Also, the increasing vegetarian population in India is expected to bolster the market growth over the next few years. Growing demand for plant-based meat products among the population is further aiding the growth of the India meat substitutes market over the coming years.

The India meat substitutes market is segmented based on product, source, type, form, company and region. Based on form, the market can be categorized into solid and liquid. Out of which, the solid segment dominated the India meat substitutes market until FY2020 and is forecast to maintain its lead during the forecast period as well, attributing to high preference by food manufacturers owing to their ease of usage and their ability to preserve flavor and color of food products.

Based on type, the concentrates segment is projected to witness the highest growth in the meat substitutes market during the forecast period as it offers high protein content and low levels of calories.

The major players operating in the India meat substitutes market are Sonic Biochem Limited, ADM Agro Industries India Private Limited, DuPont India, Roquette India Private Limited, Kerry Ingredients India Private Limited, Axiom ingredients and health foods private limited, Ingredion India Private Limited, Cargill India Private Limited and others.
