Abstracts

According to “India Multistage Water Pumps Market By Operation, By End Use Industry, By Product Type, By Application, By Sales Channel, Competition Forecast & Opportunities, 2013-2023” multistage water pumps market is projected to surpass \$ 677 million by 2023. Growth in the market can be attributed to increasing production base of the country’s industrial sector, which is steering demand for high pressure pumps. Moreover, high operational efficiency of multistage water pumps due to easy maintenance, lesser energy requirement and minimal load on power source is expected to further propel the sales of these water pumps in India in the coming years. Some of the major players operating in India multistage water pumps market are Kirloskar Brothers Limited, KSB Pumps Limited, Sulzer Pumps India Limited, Flowserve India Controls Private Limited, Wilo Mather and Platt Pumps Private Limited, WPIL Limited, CRI Pumps Pvt. Ltd., Grundfos Pumps India Private Limited, Shakti Pumps India Limited and Xylem Water Solutions India Private Limited. “India Multistage Water Pumps Market By Operation, By End Use Industry, By Product Type, By Application, By Sales Channel, Competition Forecast & Opportunities, 2013-2023” discusses the following aspects of multistage water pumps market in India:

Multistage Water Pumps Market Size, Share & Forecast

Segmental Analysis – By Operation (Horizontal & Vertical), By End Use Industry (Power, Oil & Gas, etc), By Product Type (Ring Section, Split Casing, etc), By Application, By Sales Channel

Competitive Analysis

Changing Market Trends & Emerging Opportunities

WHY YOU SHOULD BUY THIS REPORT?

To gain an in-depth understanding of multistage water pumps market in India

To identify the on-going trends and anticipated growth in the next five years

To help industry consultants, multistage water pumps distributor, distributors and other stakeholders align their market-centric strategies

To obtain research-based business decisions and add weight to presentations and marketing material

To gain competitive knowledge of leading market players

To avail 10% customization in the report without any extra charges and get the research data or trends added in the report as per the buyer's specific needs

REPORT METHODOLOGY

The information contained in this report is based upon both primary and secondary research. Primary research included interaction with multistage water pumps distributor, distributors and industry experts. Secondary research included an exhaustive search of relevant publications like company annual reports, financial reports and proprietary databases.
