Abstracts

Strong demand for the Polypropylene by various end-user industries and rapid industrialization are expected To drive Polypropylene market in India during 2017-30.

In India, strong demand for the Polypropylene by various end user industries and rapid industrialization are expected To steer India Polypropylene market during 2017-30. Expanding geotextile and packaging industries are the highlights of growing Polypropylene market in the country during the forecast period. Growing urbanization along with rising disposable income and changing lifestyle will bolster the demand for packaged food, thereby escalating the market of Polypropylene in the country.

Additionally, plastic machinery installations are increasing at a robust pace which would propel the demand of Polypropylene in the country. Furthermore, various special plastic industrial zones have been launched across India which would fuel the demand of Polypropylene, further contributing To its market during the forecast period.

“India Polypropylene Market Study, 2015-2030” report studies the market size and share of various applications of the Polypropylene market in India during the period 2015 - 2030. In the study, the market has been categorized inTo five broader applications that include Raffia, Tubular Quenched PP (TQ), Impact copolymers (ICP), Random copolymer (RCP), Biaxially-Oriented Polypropylene (BOPP), wherein Raffia is the dominating application of Polypropylene and Tubular Quenched PP registered as the fastest growing application during 2017-30.

The market dynamics section of the report elaborates the factors that are driving the market as well as the challenges inhibiting growth. The research study als

includes insights of the key market trends, a detailed analysis of the changing competitive landscape, and revenue forecasts for each segment and sub-segment.

All this information is provided To assist the established market players and new entrants in taking their strategic decisions, thereby aiding them in strengthening their market position in a highly competitive Polypropylene market in India.

“India Polypropylene Market Study, 2015-2030” report elaborates the following aspects of Polypropylene market in India:

India Polypropylene Market Size, Share & Forecast To Segmental Analysis – By Application (Raffia, Tubular Quenched PP, Impact copolymers, Random copolymer, Biaxially-Oriented Polypropylene, & Others), By Region (West India, South India, East India, North India), By Company (Reliance Industries Limited, Indian Oil Corporation Limited, HPCL-Mittal Energy Limited, Haldia Petrochemicals Limited, ONGC Petr

additions Ltd, Mangalore Refinery and Petrochemicals Limited and Brahmaputra Cracker and Polymer Limited)

Changing Market Trends & Emerging Opportunities

Trade Dynamics (Imports (Value & Volume), Exports (Value & Volume), Leading Source Countries for Import, Leading Destination Countries for Export)

List of Existing Polypropylene Plants with Capacity & State

List of Upcoming Polypropylene Plants with Capacity, State & Implementation Date

List of Major Distributors

Customer Analysis (List of Major Customers, Procurement Volume Per Customer, Current Suppliers)

Competitive Landscape & Strategic Recommendations

Why You Should Buy This Report?

To identify the on-going trends and anticipated growth in the next nine years

To gain competitive knowledge of leading market players

To avail 10% customization in the report without any extra charges and get the research data or trends added in the report as per the buyer's specific needs

Key Questions This Study Will Answer

What would be the segmental and regional growth trends in the India Polypropylene market in the coming years?

What are the most important growth drivers and opportunities in the market?

Which profiling technology is preferred the most?

What strategies should market competitors employ To gain share in mature segments of the India Propylene market?

What are the competitor profiles in this market and how d
they compete for market share?

Report Methodology

The information contained in this report is based upon both primary and secondary sources. Primary research included interviews with Polypropylene manufacturers and industry experts. Secondary research included an exhaustive search of relevant publications like company annual reports, financial reports and other proprietary databases.

Contents

1. PRODUCT OVERVIEW

2. RESEARCH METHODOLOGY

3. INDIA POLYPROPYLENE MARKET OUTLOOK

3.1. India Polypropylene Demand Supply Analysis

3.2. Market Size & Forecast

3.1.1. By Value

3.1.2. By Volume

3.3. Market Share & Forecast

3.2.1. By Production Technologies (Unipol, Spheripol, Montedison, Novolene, and Innovene)

3.2.2. By Application (Raffia, Impact copolymers, Random copolymer, Tubular Quenched PP, Biaxially-Oriented Polypropylene, & Others)

3.2.3. By Region (West, North, South & East)

3.2.4. By Company

3.4. Market Attractiveness Index

4. LIST OF EXISTING & UPCOMING POLYPROPYLENE PLANTS

5. TRADE DYNAMICS

6. CUSTOMER ANALYSIS

7. LIST OF MAJOR DISTRIBUTORS

8. MARKET DYNAMICS

9. MARKET TRENDS & DEVELOPMENTS

10. COMPETITIVE LANDSCAPE

11. STRATEGIC RECOMMENDATIONS
