Abstracts

According to “India Silicone Additives Market By Function, By End User, Competition, Forecast & Opportunities, 2013-2023” silicone additives market is projected to reach \$ 104 million by 2023. Anticipated growth in the market can be attributed to high demand for silicone additives from paints & coatings industry backed by robust increase in production of passenger cars as well as commercial vehicles coupled with rising consumer awareness regarding the quality and features offered by silicone additives in diverse personal care and industrial applications. Moreover, government initiatives for the development of residential & commercial set-ups is propelling the country’s construction market, which is further anticipated to augment demand for silicone additives across India. Additionally, growing inclination towards personal care, especially skin care and hair care, is expected to boost demand for silicone defoamers and wetting agents in the coming years, thereby fuelling growth in India silicone additives market. India silicone additives market is controlled by these major players, namely, BASF India Ltd, Dow Chemical International Private Limited, Wacker Metroark Chemicals Pvt Ltd, Elkay Chemicals Private Limited, Elkem South Asia Pvt Ltd, Supreme Silicones, Resil Chemicals Private Limited, McCoy Group of Companies, Shin-Etsu Silicones India Pvt Ltd and Harmony Additives. “India Silicone Additives Market By Function, By End User, Competition, Forecast & Opportunities, 2013-2023” discusses the following aspects of Silicone Additives market in India:

Silicone Additives Market Size, Share & Forecast

Segmental Analysis – By Function (Silicone Defoamers, Silicone Wetting Agents, Silicone Surfactants & Others), By End User (Paints & Coatings, Personal & Health Care, Paper & Pulp & Others)

Competitive Analysis

Changing Market Trends & Emerging Opportunities

WHY YOU SHOULD BUY THIS REPORT?

To gain an in-depth understanding of Silicone Additives in India

To identify the on-going trends and anticipated growth in the next five years

To help industry consultants, Silicone Additives distributors and other stakeholders align their market-centric strategies

To obtain research-based business decisions and add weight to presentations and marketing material

To gain competitive knowledge of leading market players

To avail 10% customization in the report without any extra charges and get the research data or trends added in the report as per the buyer's specific needs

REPORT METHODOLOGY

The information contained in this report is based upon both primary and secondary research. Primary research included interaction with Silicone Additives distributors and industry experts. Secondary research included an exhaustive search of relevant publications like company annual reports, financial reports and proprietary databases.
