Abstracts

Japan Methanol market demand stood at 1601.75 Thousand Tonnes in FY2021 and is forecast to reach 2517.38 Thousand Tonnes by FY2030, growing at a healthy CAGR of 4.60% until FY2030. Methanol is in high demand in the automotive industry to make engines as it has several factors including easy availability, ease of distribution, and have efficient combustion properties. Methanol-based fuel cells are expected to be a promising sector in the coming years and are in high demand from the automotive, and electronics industries. Due to the onset of COVID-19, the Methanol market faced a setback owing to the closure of major end-user industries and a negative decline in the demand which affected the market growth adversely.

Deliverables

Installed Capacity By Company: Installed capacity within the country along with the individual capacity of leading players

Installed Capacity By Location: Installed capacity at several locations across the country

Installed Capacity By Process: Installed capacity by different processes

Installed Capacity By Technology: Installed capacity by different technologies being used to produce Methanol

Production By Company: Actual production done by different companies

Operating Efficiency By Company: Operating efficiency at which different companies are operating their plants

Demand By End Use: Demand/Sale of Methanol in different end user industries across the country

Demand By Sales Channel: Demand/Sale of Methanol by different sales channels across the country

Demand By Region: Demand/Sale of Methanol in different regions of the country

Country-Wise Exports: Exports of Methanol by Different Countries

Country-Wise Imports: Imports of Methanol by Different Countries

Demand & Supply Gap: Demand & Supply Gap at country level

Market Share of Leading Players: Revenue shares of leading players in the country

News & Deals: Historical & Current News & Deals in the Methanol market

To extract data for the Japan Methanol market, the ChemAnalyst team conducts primary research surveys with Methanol manufacturers, suppliers, distributors, wholesalers, and customers followed by exhaustive secondary research to cross-validate the information being collected through primary research surveys.
