Abstracts

Qatar is prominently an oil-based economy and figures among the countries with highest GDP per capita in the world. The country has a population of about 2.23 million. Demand for commercial vehicles in the country is emanating from oil as well as non-oil sectors and this is projected to grow further during the forecast period. Additionally, rising government focus to boost the country's construction and tourism industries is further fueling demand for commercial vehicles. Implementation of Qatar National Vision 2030 and upcoming mega events such as FIFA World Cup are all driving demand for commercial vehicles across the country.

According to "Qatar Commercial Vehicle Market By Vehicle Type, Competition Forecast and Opportunities, 2012-2022", the market for commercial vehicles in Qatar is forecast to grow at a CAGR of over 10% during 2017-2022, on account of rising number of infrastructure development projects coupled with growing building and construction activities in the country. Moreover, light commercial vehicles dominate Qatar commercial vehicle market, on account of growing small and medium scale industries in the country. Further, a major share in demand for commercial vehicles is emanating from Doha region due to rising construction activities in the region and large population base. "Qatar Commercial Vehicle Market By Vehicle Type, Competition Forecast and Opportunities, 2012-2022" report elaborates following aspects of the commercial vehicle market in Qatar:
