Abstracts

The Thailand Methanol market demand stood at 450.91 Thousand Tonnes in 2020 and is forecast to reach 695.22 Thousand Tonnes by 2030, growing at a healthy CAGR of 4.60% until 2030. Demand for Methanol in Thailand is expected to grow at an appreciable pace, driven by its excessive consumption in the chemical and petrochemical industry to manufacture Formaldehyde and Acetic Acid. Furthermore, the increasing requirement for Methanol in niche pharmaceutical applications along with the rapid expansion of the global pharmaceutical industry is likely to serve well in surging its demand in the forecast period. The outbreak of COVID-19 in 2020 disrupted the economy. The market growth was affected drastically, and production units shut down. Furthermore, the major market players intentionally halted the production keeping their employees' health and wellness in mind. With imposed new regulations of the COVID-19 and proper precautions, the market is anticipated to regain its growth in the years to come. Once the market regains the full function of its production unit, the market is bound to show robust growth in the forecast period.

Deliverables

Installed Capacity By Company: Installed capacity within the country along with the individual capacity of leading players

Installed Capacity By Location: Installed capacity at several locations across the country

Installed Capacity By Process: Installed capacity by different processes

Installed Capacity By Technology: Installed capacity by different technologies being used to produce Methanol

Production By Company: Actual production done by different companies

Operating Efficiency By Company: Operating efficiency at which different companies are operating their plants

Demand By End Use: Demand/Sale of Methanol in different end user industries across the country

Demand By Sales Channel: Demand/Sale of Methanol by different sales channels across the country

Demand By Region: Demand/Sale of Methanol in different regions of the country

Country-Wise Exports: Exports of Methanol by Different Countries

Country-Wise Imports: Imports of Methanol by Different Countries

Demand & Supply Gap: Demand & Supply Gap at country level

Market Share of Leading Players: Revenue shares of leading players in the country

News & Deals: Historical & Current News & Deals in the Methanol market

To extract data for the Thailand Methanol market, the ChemAnalyst team conducts primary research surveys with Methanol manufacturers, suppliers, distributors, wholesalers, and customers followed by exhaustive secondary research to cross-validate the information being collected through primary research surveys.
