Indian Army sector – Market overview, spend analysis, imports, segmentation, key players and opportunity analysis

## Synopsis

The report provides detailed analysis on the Indian Army sector. Market Analyix provides forecasts for the provided period in terms of value (in US\$) for the Indian army market, as well as for the Indian defence revenue and capital expenditure markets. The report examines the overall economy of the country, break up import and indigenous supply, estimates the army expenditure, army capital acquisition, and forecasts their growth for the next 10 years.

The report also analyzes factors that influence demand for the industry, key market trends, and challenges faced by industry participants. In particular, it provides an in-depth analysis of different segments and drivers in the Indian army sector including highlights of the demand drivers and growth stimulators for the army market. It also provides a snapshot of the country's economy and defence outlook. It provides details on the current ecosystem for defence manufacturing in India including – policy initiatives, joint ventures, current requirements and locational attractiveness.

The report provides expenditure trends from 2001 to 2025 for the Indian Army market. It provides comprehensive analysis of the prospects for the Indian army market along with the data related to expenditure investments from 2014-2025.

The report analyzes the Army market segments in India and provides future outlook with forecasts up to 2025.

This report contains list of tables, charts and graphs, which add quantitative analysis to explain the developing trends within the Indian army market. These charts quantify, analyse and forecast the changing dynamics of the Indian army market between 2014-2025. Provides profiles of the leading companies operating within the Indian army market.

## **Reasons to Buy**

Analysis on one of the most vibrant sectors for investment in India

Understanding the industry dynamics, growth trends and key challenges to assist in proper decision making

Detailed break-up into sub segments and activity areas to enable trend analysis

Identifying business opportunities across the value-chain with information on key requirements and opportunity analysis

Benchmarking various industry participants and identifying present leading performers, laggards and emerging players

Use the data and analysis to develop better decision-making, formulating strategies, analyzing companies and benchmarking countries for investment making.

Leverage the data and insights to save time on your research projects, while doing so economically. This will help the readers in getting additional values and more time.

## **Methodology**

This report has been compiled by combining information obtained from a very wide and rich mixture of primary and secondary research sources, producing a broad industry

overview. These forecasts and analysis provided are underpinned by extensive expert consultation and include interviews with industry experts. The study draws on a diverse range of official corporate and governmental announcements, media reports, policy documents, industry statements and expert opinion as a basis for discussing and predicting developments in the Indian army market.

## Contents

### 1. TABLE OF CONTENTS

- 1.1. Table of Contents
- 1.2. List of Tables
- 1.3. List of Figures

### 2. INDIA ECONOMY

- 2.1. India Economy Overview
- 2.2. India, GDP at Real Prices and % Change, \$Billion, 2001-2030
- 2.3. India, GDP Segmentation, %, 2004, 2012
- 2.4. India, Inflation, %, 2003-18
- 2.5. India, Population and % Change, Million, 2001-2030
- 2.6. India, Government Total Expenditure, \$Billion, 2003-2018
- 2.7. India, AtKearney FDI Confidence Index, Rank, 2012-2013
- 2.8. India, Ease of Doing Business - World Bank Index, 2013-14
