Abstracts

After three years of continuous success, selling over 1500+ copies, and receiving an applaudable response from our esteemed clients worldwide, we take pride to introduce our latest project Worldwide Mobile Network Operators Directory 2014-2015.

Thank you for your continuous support and belief in our work. Your acceptance means a lot and pays great motivational value for us to keep doing better.

Over the past 6 years, we have experienced several significant improvements that make 'WMNOD' today a highly dependable resource, or as some put it - a 'must-have' for all those looking to cater to the variety of operator needs vis-à-vis opportunities emerging ahead – all across the globe.

However the first-timers will have plenty of good reasons to subscribe to it, the existing customers too will find this edition more intriguing & powerful than ever.

The 7th edition of WMNOD presents full overhaul to its previous siblings– the architecture, flow of information, penetration rates (%age), network offerings, management contacts, email addresses (direct/ individual info); share patterns, and much more...basically, a complete make-over of how data was presented or put to use by the enthused vendor fraternity.

Also for the first time, we bring to you the EXCEL format other than the traditional (only PDF) format – which will surely serve a cutting edge to our customers over other incumbents serving to similar needs.

If you're still not ready to delve into such advanced medium, you'll miss on what you can do without the enhanced features (e.g. auto-correction-tools, enhanced menus, etc.) offered by our WMNOD 2014.

The Feb' 2014 issue will start mailing to subscribers from 1st week of March (2014).

Nevertheless you'll find us as TEAM back at the helm of the goodship 'WMNOD 2014' for past editions as well.

Following Regions have been covered in this Directory:

Africa

Asia Pacific (Including Australia and New Zealand)

Europe

Latin America (Including the Caribbean/ West Indies)

Middle East

North America
