Abstracts

The Taiwanese textile industry is well known for its innovative approach to the development of new performance textiles and, every year, the industry's latest developments are presented at the Taipei Innovative Textile Application Show (TITAS). Textiles Intelligence visited the 2017 edition of TITAS (TITAS 2017)—which was held in Taipei, Taiwan, during October 16-18, 2017—and interviewed exhibitors and industry experts to identify the latest trends. At the fair, there was a focus on environmental sustainability, functional fabrics—including moisture wicking fabrics, anti-odour fabrics and insulating fabrics—and wearable technologies. There were also several fabrics on display which exhibited novel aesthetic effects, including thermochromic textiles and fabrics which reveal patterns in the presence of moisture. This report discusses innovations presented by 14 Taiwanese companies which exhibited at TITAS 2017, namely DingZing, Eclat, Far Eastern New Century (FENC), Fu Hsun Fiber Industries, Get Green Energy (GGE), Grand Textile, Grandetex Development (Grandetex), Joyoung, New Wide Group, Sunny Special Dyeing & Finishing (Sunny), TexRay Industrial (TexRay), Tri Ocean Textile (Tri Ocean), Wisher Industrial and Yu Yuang.

Contents

INTRODUCTION

THEMES AT TITAS 2017

TRENDS AT TITAS 2017

General trends at TITAS 2017

Fabric trends for autumn/winter 2018/19

PRODUCT DEVELOPMENTS AND INNOVATIONS AT TITAS 2017

DingZing: Duopel fabrics

Eclat: Intentional Knit

Far Eastern New Century (FENC): DynaFeed, TopGreen Membrane, TopDry Zero and TopClean

DynaFeed biosensing system

FENC TopGreen Membrane

FENC TopDry Zero

FENC TopClean

Fu Hsun Fiber Industries: performance fabrics

Get Green Energy (GGE): EnAir Vertical

Grand Textile: Color Max fabrics

Grandetex Development (Grandetex): performance fabrics

Joyoung: performance fabrics

New Wide Group: performance fabrics

Sunny Special Dyeing & Finishing (Sunny): SolaPel fabrics

TexRay Industrial (TexRay): new branding and wearable technology

Tri Ocean Textile (Tri Ocean): DreamFel olefin insulation padding

Wisher Industrial: Dynamic Cold Protection (DCP) and Dynamic Heat Protection (DHP)

Yu Yuang: performance fabrics
