Abstracts

At a time when companies are battling against global economic uncertainty, this report provides indispensable insight for any textile and clothing company supplying goods to international markets in general, as well as to the EU region, and for strategists looking to undertake competitor analysis. In this report, Textiles Intelligence reveals trends in EU imports and import prices for textiles and clothing as a whole and for 15 major product categories -- namely cotton yarn, fabrics woven from synthetic staple fibres, fabrics woven from synthetic filament yarn, T-shirts, pullovers, women's blouses, men's shirts, women's overcoats, women's dresses, women's skirts, women's suits, men's trousers, men's denim trousers, women's trousers and women's denim trousers.
