## **Abstracts**

This edition in our flagship series of reports contains statistical data, information and insight into the textile and apparel industries in the EU. The report identifies important trends and includes information on: production of textiles and clothing, textile and clothing imports by supplying country, textile and clothing exports by destination country, and textile and clothing trade balances. It also analyses trade and production activities in each EU member state and provides an outlook. This report presents a wealth of information and is essential for anyone who is considering sourcing from, or selling to, the EU, and its leading supplying countries and export markets.
