Abstracts

Focusing on the study of Russian electrical equipment industry, this report examines its main sectors, including industrial electrical machines, goods and other electrical devices, as well as cable products.

The report provides an in-depth and true-to-life industry overview. It also includes updated information about leading manufacturers in the sector. Production and consumption volumes, as well as details of Russia's foreign trade with CIS and other countries, are provided for the 2005-2010 period.

In conclusion, the report highlights main trends in the Russian electrical equipment industry, regarding the global electrical engineering development in respect with current economic situation.

Contents

1. CURRENT SITUATION IN THE RUSSIAN ELECTRICAL EQUIPMENT INDUSTRY

2. MANUFACTURE OF INDUSTRIAL ELECTRICAL MACHINES IN RUSSIA

2.1. Electrical equipment production, by region

2.1.1. Manufacture of various electric motors, by region

2.1.2. Manufacture of AC electrical generators (under and over 100kW) and mobile power plants, by region

2.1.3. Manufacture of DC electrical devices, by region

2.1.4. Manufacture of generators driven by steam, gas and hydraulic turbines, by region

2.1.5. Manufacture of heavy-duty electrical equipment, by region

2.2. Electrical equipment production, by manufacturing enterprise

2.2.1. Manufacture of various electric motors, by manufacturing enterprise

2.2.2. Manufacture of AC electrical generators (under and over 100kW) and mobile power plants, by manufacturing enterprise

2.2.3. Manufacture of DC electrical devices, by manufacturing enterprise

2.2.4. Manufacture of generators driven by steam, gas and hydraulic turbines, by manufacturing enterprise

2.2.5. Manufacture of heavy-duty electrical equipment, by manufacturing enterprise

3. MANUFACTURE OF ELECTRICAL EQUIPMENT AND APPLIANCES IN RUSSIA

3.1. Manufacture of electrical equipment and appliances, by region

3.1.1. Manufacture of low- and high-voltage equipment, by region

3.1.2. Manufacture of transformers and transforming devices, by region

3.1.3. Manufacture of mains transformer products, by region

3.1.4. Manufacture of electric welding equipment, by region

3.1.5. Manufacture of electric transportation means, by region

3.1.6. Manufacture of lighting equipment (various light fixtures, electrical lamps and the like), by region

3.1.7. Manufacture of integrated cooking and microwave devices, by region

3.1.8. Manufacture of chemical and electrochemical power sources, by region

3.2. Manufacture of electrical equipment and appliances, by manufacturing enterprise

3.2.1. Manufacture of low- and high-voltage equipment, by manufacturing enterprise

3.2.2. Manufacture of transformers and transforming devices, by manufacturing enterprise

- 3.2.3. Manufacture of mains transformer products, by manufacturing enterprise
- 3.2.4. Manufacture of electric welding equipment, by manufacturing enterprise
- 3.2.5. Manufacture of electric thermal equipment, by manufacturing enterprise
- 3.2.6. Manufacture of electric transportation means, by manufacturing enterprise
- 3.2.7. Manufacture of lighting equipment (various light fixtures, electrical lamps and the like), by manufacturing enterprise
- 3.2.8. Manufacture of integrated cooking and microwave devices, by manufacturing enterprise
- 3.2.9. Manufacture of chemical and electrochemical power sources, by manufacturing enterprise
- 3.2.10. Manufacture of electrical insulation materials, by manufacturing enterprise

4. MANUFACTURE OF CABLE PRODUCTS IN RUSSIA

- 4.1. Manufacture of cable products in Russia by region
 - 4.1.1. Manufacture of mains cords and non-insulated cables, by region
 - 4.1.2. Manufacture of telecommunications cables, by region
- 4.2. Manufacture of cable products in Russia by manufacturing enterprise
 - 4.2.1. Manufacture of mains cords and non-insulated cables, by manufacturing enterprise
 - 4.2.2. Manufacture of telecommunications cables, by manufacturing enterprise
 - 4.2.3. Manufacture of other cables and cords

5. PRICES FOR ELECTRICAL EQUIPMENT IN RUSSIA

- 5.1. Price dynamics for electrical machines
- 5.2. Price dynamics industrial electrical equipment
- 5.3. Price dynamics for cable products

6. FOREIGN TRADE ELECTRICAL DEVICES AND EQUIPMENT IN RUSSIA

- 6.1. Foreign trade with electric motors
- 6.2. Foreign trade with electrical generators and transducers
- 6.3. Foreign trade with transformers and static power converter
- 6.4. Foreign trade with electrical accumulators, primary cells, batteries
- 6.5. Foreign trade with electrical machine tools and the like
- 6.6. Foreign trade with light fixtures
- 6.7. Foreign trade with cable products

7. INVESTMENTS IN THE RUSSIAN ELECTRICAL EQUIPMENT INDUSTRY (INVESTMENT VOLUME AND SOURCES)

8. THE FORECAST FOR THE RUSSIAN ELECTRICAL EQUIPMENT INDUSTRY DEVELOPMENT

Notes.

Production by manufacturer is provided for 2005-2007.

The above Market Report is a half-ready report. It means that we have all necessary data in our database to prepare the report but need 3-5 days to complete it. During this time we are also updating the report with respect to the current moment. So, you can get up-to-date version for the same price.
