## Abstracts

This report is a comprehensive research about the conditions of doing business in Russian Federation.

The first chapter of the report contains general information on Russian Federation, including its geopolitical situation, administrative structure, political system and level of economic development. Special attention is delivered to peculiarities of negotiations conduct in Russian Federation.

The second part of the report focuses on macroeconomic indexes of Russian Federation: GDP scope and dynamics, industrial production volume, foreign trade analysis, investment climate in the country etc.

The third chapter covers common business procedures in the country: from starting a project to closing a business. This chapter elucidates the country's fiscal system, existing labour practices, property rights regulation peculiarities and other issues vital for running business in this country.

Related news bulletins update and add the finishing touch to an overview of economical situation in Russian Federation.

The aim of this study is to provide a tool which will assist strategy group and the management team specialists in making correct decisions as how to penetrate the Russian Federation market and how to catch the maximum commercial opportunities in dealing with business partners in this country.

Please note that Russian Federation: Country Business Profile 2025 is a half ready publication. It only requires updating with the help of new data that are constantly retrieved from Publisher's databases and other sources. This updating process takes 3-5 business days after order is placed. Thus, our clients always obtain a revised and updated version of each report. Please also note that we do not charge for such an updating procedure. BAC Reports has information for more than 25,000 different chemicals available but it is impossible to have all reports updated immediately. That is why it takes 3-5 days to update a report after an order

is received.
