

Pectin (CAS 9000-69-5) Market Research Report 2025

<https://marketpublishers.com/r/PF889ABBAF4EN.html>

Date: May 2025

Pages: 70

Price: US\$ 2,200.00 (Single User License)

ID: PF889ABBAF4EN

Abstracts

Pectin (CAS 9000-69-5) Market Research Report 2025 presents comprehensive data on Pectin markets globally and regionally (Europe, Asia, North America etc.)

The report includes Pectin description, covers its application areas and related patterns. It overviews Pectin market, names Pectin producers and indicates its suppliers.

Besides, the report provides Pectin prices in regional markets.

In addition to the above the report determines Pectin consumers in the market.

BAC Reports offers its clients in-depth market research of chemical industry products on the global and regional markets (North & Latin America, Asia Pacific, European Union, Russia and CIS).

We can analyze the following elements for each chemical product in any country or region:

capacities and production

consumption volume and structure

market price trends

exports and imports

existing technologies

feedstock market condition

market news digest

market forecast.

Pectin (CAS 9000-69-5) Market Research Report 2025 can feature:

market condition and estimations, market forecast

chemical product ranges, trademarks, analogous products, application areas

regional and global producers, consumers and traders (including contact details).

Contents

1. PECTIN (CAS 9000-69-5)

- 1.1. General information, synonyms
- 1.2. Composition, chemical structure
- 1.3. Safety information
- 1.4. Hazards identification
- 1.5. Handling and storage
- 1.6. Toxicological & ecological information
- 1.7. Transport information

2. PECTIN APPLICATIONS

- 2.1. Pectin application spheres, downstream products

3. PECTIN MANUFACTURING METHODS

4. PECTIN PATENTS

- Abstract
- Description
- Summary of the invention
- Detailed description of the invention

5. PECTIN MARKET WORLDWIDE

- 5.1. General Pectin market situation, trends
- 5.2. Manufacturers of Pectin
 - Europe
 - Asia
 - North America
 - Other regions
- 5.3. Pectin suppliers (importers, local distributors)
 - Europe
 - Asia
 - North America
 - Other regions

5.4. Pectin market forecast

6. PECTIN MARKET PRICES

6.1. Pectin prices in Europe

6.2. Pectin prices in Asia

6.3. Pectin prices in North America

6.4. Pectin prices in other regions

7. PECTIN END-USE SECTOR

7.1. Pectin market by application sphere

7.2. Pectin downstream markets trends and prospects

*Please note that Pectin (CAS 9000-69-5) Market Research Report 2025 is a half ready publication and contents are subject to change. It only requires updating with the help of new data that are constantly retrieved from Publisher's databases and other sources. This updating process takes 5-7 business days after order is placed. Thus, our clients always obtain a revised and updated version of each report. Please also note that we do not charge for such an updating procedure. BAC Reports has information for more than 25,000 different chemicals available but it is impossible to have all reports updated immediately. That is why it takes 5-7 days to update a report after an order is received.

About

Product Name:	Pectin
Synonyms:	Citrus pectin
	Poly(1,4-alpha-D-galacturonide)
	Pectin
CAS#:	9000-69-5
Formula:	$C_6H_{12}O_6$
Appearance:	White to off-white solid.
Usage:	Emulsifying & thickening agent.

Pectin, a.k.a. fruit pectin, modified citrus pectin, acide pectinique, pectinic acid, etc., is a structural heteropolysaccharide. It is an off-white to beige powder that is practically odorless. Pectin is found in the cell walls and between cell walls of the higher plants. This heteropolysaccharide partially dissolves in cold water. Pectin is insoluble in organic solvents, dilute alcohol, alcohol. Dried citrus peels, apple or sugar-beet pomace are the main raw materials for the production of pectin.

Pectin is widely used in the food, cosmetics and medicine industries. Pectin is commonly known as a gelling and thickening agent and as a stabilizer in the food products, mainly in jellies, yoghurts, marmalades, jams, etc. The product is also used in juice-based beverages to improve pulp stability. Pectin is known to be utilized in the cigar industry where the heteropolysaccharide is used as an alternative for vegetable glue. In medicine, pectin is an ingredient for making special medical adhesives and preparations for healing wounds. Pectin is considered to be effective in reducing the levels of blood cholesterol.

Pectin can produce mild irritation of skin and eyes. Large amounts of swallowed pectin may lead to the irritation of the gastrointestinal tract. The respiratory tract may be irritated by the inhalation of the pectin dust.

Pectin market is covered in the study Pectin (CAS 9000-69-5) Market Research Report 2025. The report encompasses proper description of the product, unveils application areas, and briefly summarizes patents in the sphere. It overlooks pectin market

situation, names manufacturers, suppliers as well as users. The report also provides current pectin prices in the market.
