Date: May 2025

Pages: 68

Price: US\$ 1,160.00 (Single User License)

ID: A349D0081EFEN

Abstracts

United States accounts for 6% of total world ammonia production. Ammonia is produced by 12 companies at 24 plants in 16 States in the country.

The top companies on the ammonia market in United States are Agrium Inc., CF Industries, Coffeyville Resources Nitrogen Fertilizers, Dyno Nobel Inc, Green Valley Chemical Corp, Mosaic Co, LSB Industries, Inc., JR Simplot Co, Koch Industries, Inc, PotashCorp, and others.

Oklahoma, Louisiana and Texas have large reserves of natural gas, the dominant ammonia feedstock, and about 60% of total United States ammonia production capacity is centered in these states.

The country is one of the world's leading producers and consumers of ammonia. The major derivatives of ammonia are urea, ammonium phosphates, ammonium nitrate, ammonium sulfate and nitric acid.

About 86% of domestic ammonia consumption is for nitrogen-based fertilizer use. Ammonia is also used to produce synthetic fibers and resins, plastics, explosives, and other chemical compounds.

To meet additional demand from the agricultural sector US imports ammonia from various destinations including Trinidad & Tobago and Ukraine.

Report Scope

United States PESTEL gives an overview of diverse macro-environmental

factors (political, economic, sociocultural, technological, environmental and legal) and analyzes what influence they exert on a business.

Ammonia, Anhydrous And In Aqueous Solution market overview: production and consumption of ammonia, market trends, government regulations and market perspectives

Foreign trade data including ammonia export/import operations in United States, main trade partners, prices

Major manufacturers and suppliers of ammonia in United States

Consumers within the sector and the purchase activity monitoring

Reasons to Buy

Your knowledge of the market in the country will expand significantly

You will receive information about economic, governmental, political and social background of the market giving you an opportunity to analyse all the factors influencing the market

You can boost sales of the company significantly by obtaining the market analysis

Major market players' contacts and profiles will be useful for partnership development and the assessment of the competitive environment

Contents

1. UNITED STATES PESTEL ANALYSIS

- 1.1. Political Factors
- 1.2. Economic Factors
- 1.3. Social Factors
- 1.4. Technological Factors
- 1.5. Environmental Factors
- 1.6. Legal Factors

2. AMMONIA, ANHYDROUS AND IN AQUEOUS SOLUTION MARKET IN UNITED STATES

- 2.1. Overview of ammonia, anhydrous and in aqueous solution market
 - 2.1.1. Brief review of ammonia, anhydrous and in aqueous solution global market
 - 2.1.2. Production and consumption of ammonia, anhydrous and in aqueous solution in United States
 - 2.1.3. Government regulations on ammonia, anhydrous and in aqueous solution market in United States
- 2.2. Producers of ammonia, anhydrous and in aqueous solution in United States, including contact details and product range
 - 2.2.1. Producers of anhydrous ammonia
 - 2.2.2. Producers of ammonia in aqueous solution

3. UNITED STATES'S FOREIGN TRADE IN AMMONIA, ANHYDROUS AND IN AQUEOUS SOLUTION

- 3.1. Export and import of anhydrous ammonia: volume, structure, dynamics
- 3.2. Export and import of ammonia in aqueous solution: volume, structure, dynamics

4. MAJOR WHOLESALERS AND TRADING COMPANIES IN UNITED STATES

5. AMMONIA CONSUMERS IN AMERICAN MARKET

- 5.1. Downstream markets of Ammonia, Anhydrous And In Aqueous Solution in United States
- 5.2. Ammonia, Anhydrous And In Aqueous Solution consumers in United States

Please note that Ammonia, Anhydrous And In Aqueous Solution Market in United States: Business Report 2025 is a half ready publication. It only requires updating with the help of new data that are constantly retrieved from Publisher's databases and other sources. This updating process takes 3-5 business days after order is placed. Thus, our clients always obtain a revised and updated version of each report. Please also note that we do not charge for such an updating procedure. BAC Reports has information for more than 25,000 different products available but it is impossible to have all reports updated immediately. That is why it takes 3-5 days to update a report after an order is received.
