Abstracts

This market research report examines the foreign trade of Bosnia and Herzegovina and its perspectives on the global market for automatic data processing machines, presented in the form of systems.

The report will be of considerable interest primarily to relevant strategic planners, senior company officials and importers/exporters, since it features invaluable information on automatic data processing machines, presented in the form of systems export/import operations in Bosnia and Herzegovina. The 2013-2023 period is covered, with more emphasis on foreign trade in 2023.

The report studies how Bosnia and Herzegovina behaves on the global market for automatic data processing machines, presented in the form of systems. It also assesses the dynamics of country's foreign trade in automatic data processing machines, presented in the form of systems in 2013-2023. The report indicates major suppliers and consumers of automatic data processing machines, presented in the form of systems in Bosnia and Herzegovina. The final chapter provides in-depth analysis of prospects for the country's foreign trade in automatic data processing machines, presented in the form of systems, as well the forecast for the development of the market for automatic data processing machines, presented in the form of systems up to 2028. Such parameters as trade value (\$) and net weight (kg) are used in the analysis. We present average price forecast for automatic data processing machines, presented in the form of systems.

More than 10 tables and diagrams comprise data on foreign trade in over 100 countries.
