## Abstracts

This market research report examines the foreign trade of Croatia and its perspectives on the global market for potassium carbonates.

The report will be of considerable interest primarily to relevant strategic planners, senior company officials and importers/exporters, since it features invaluable information on potassium carbonates export/import operations in Croatia. The 2013-2023 period is covered, with more emphasis on foreign trade in 2023.

The report studies how Croatia behaves on the global market for potassium carbonates. It also assesses the dynamics of country's foreign trade in potassium carbonates in 2013-2023. The report indicates major suppliers and consumers of potassium carbonates in Croatia. The final chapter provides in-depth analysis of prospects for the country's foreign trade in potassium carbonates, as well the forecast for the development of the market for potassium carbonates up to 2028. Such parameters as trade value (\$) and net weight (kg) are used in the analysis. We present average price forecast for potassium carbonates.

More than 10 tables and diagrams comprise data on foreign trade in over 100 countries.
