Abstracts

This market research report examines the foreign trade of France and its perspectives on the global market for phosphorus.

The report will be of considerable interest primarily to relevant strategic planners, senior company officials and importers/exporters, since it features invaluable information on phosphorus export/import operations in France. The 2009-2019 period is covered, with more emphasis on foreign trade in 2019.

The report studies how France behaves on the global market for phosphorus. It also assesses the dynamics of country's foreign trade in phosphorus in 2009-2019. The report indicates major suppliers and consumers of phosphorus in France. The final chapter provides in-depth analysis of prospects for the country's foreign trade in phosphorus, as well the forecast for the development of the market for phosphorus up to 2024. Such parameters as trade value (\$) and net weight (kg) are used in the analysis. We present average price forecast for phosphorus.

More than 10 tables and diagrams comprise data on foreign trade in over 100 countries.
