Abstracts

This market research report examines the foreign trade of Germany and its perspectives on the global market for antisera and other blood fractions.

The report will be of considerable interest primarily to relevant strategic planners, senior company officials and importers/exporters, since it features invaluable information on antisera and other blood fractions export/import operations in Germany. The 2013-2023 period is covered, with more emphasis on foreign trade in 2023.

The report studies how Germany behaves on the global market for antisera and other blood fractions. It also assesses the dynamics of country's foreign trade in antisera and other blood fractions in 2013-2023. The report indicates major suppliers and consumers of antisera and other blood fractions in Germany. The final chapter provides in-depth analysis of prospects for the country's foreign trade in antisera and other blood fractions, as well the forecast for the development of the market for antisera and other blood fractions up to 2028. Such parameters as trade value (\$) and net weight (kg) are used in the analysis. We present average price forecast for antisera and other blood fractions.

More than 10 tables and diagrams comprise data on foreign trade in over 100 countries.

Contents

1. RESUME: GERMANY TRADE OF ANTISERA AND OTHER BLOOD FRACTIONS

- 1.1. Antisera and Other Blood Fractions description
- 1.2. Germany share in world trade of antisera and other blood fractions
- 1.3. Trends in Germany exports and import of antisera and other blood fractions (2013-2023)

2. GERMANY EXPORTS OF ANTISERA AND OTHER BLOOD FRACTIONS

- 2.1. Key consumers of antisera and other blood fractions from Germany (2013-2023)
