## Abstracts

This market research report examines the foreign trade of Greece and its perspectives on the global market for iodine.

The report will be of considerable interest primarily to relevant strategic planners, senior company officials and importers/exporters, since it features invaluable information on iodine export/import operations in Greece. The 2011-2021 period is covered, with more emphasis on foreign trade in 2021.

The report studies how Greece behaves on the global market for iodine. It also assesses the dynamics of country's foreign trade in iodine in 2011-2021. The report indicates major suppliers and consumers of iodine in Greece. The final chapter provides in-depth analysis of prospects for the country's foreign trade in iodine, as well the forecast for the development of the market for iodine up to 2026. Such parameters as trade value (\$) and net weight (kg) are used in the analysis. We present average price forecast for iodine.

More than 10 tables and diagrams comprise data on foreign trade in over 100 countries.
