Abstracts

This market research report examines the foreign trade of India and its perspectives on the global market for carbon.

The report will be of considerable interest primarily to relevant strategic planners, senior company officials and importers/exporters, since it features invaluable information on carbon export/import operations in India. The 2011-2021 period is covered, with more emphasis on foreign trade in 2021.

The report studies how India behaves on the global market for carbon. It also assesses the dynamics of country's foreign trade in carbon in 2011-2021. The report indicates major suppliers and consumers of carbon in India. The final chapter provides in-depth analysis of prospects for the country's foreign trade in carbon, as well the forecast for the development of the market for carbon up to 2026. Such parameters as trade value (\$) and net weight (kg) are used in the analysis. We present average price forecast for carbon.

More than 10 tables and diagrams comprise data on foreign trade in over 100 countries.
